### DESCRIPTION

LED Lightbar 120V creates an uniform seamless line of light, with internal magnets for easy installation. Producing up to 200 lumens per ft in 3000K, lightbar is a perfect solution for under cabinet, in cabinet, cove, display, and task applications. Variety of connectors and accessories allows luminaires to be connected together up to 40 ft.

### KEY FEATURES

- Uniform Illumination: Creates seamless lighting.
- 120V input using Driver on Board technology without having extra power supply
- Easy Setup: Internal magnets for quick installation.
- High Brightness: Up to 200 lumens per foot.
- Versatile: Suitable for multiple applications.
- Expandable: Connectors extend up to 40 feet.

### APPLICATIONS

- Decorative Lighting for Tradeshows, Exhibition, Retail Displays
- Architectural lighting for corridors, canopies, archways, or windows
- Downlighting or Uplighting Applications
- Backlighting or Edge-Lighting
- Under-cabinet, Under-Counter, or cove lighting
- Custom DIY projects
