- Designed to fit in plenums as shallow as 2 inches
- Eliminates the need for housing
- New Construction application requires a mounting plate for frame
- Remodel applications require no additional accessories
- Up to 50,000 hours Lifespan
- UL, ETL Listed, CE, ROHS certificate

APPLICATIONS

- Lighting for Tradeshow, Exhibition, Retail Displays
- Retail Stores, Restaurants, Clubs, Lounges, Meeting Room
- Corridor, Hallway, Living Room
- Custom DIY projects

INSTALLATION

Cut out a hole in the ceiling according to the dimension of the panel light

Connect the adapter to the main line

Place the adapter inside the cut-out ceiling & press the clip upwards by pushing the light panel in.

The clips will snap on automatically on release & will fit perfectly to the cut out hole.
