

## Tier 3 Beef Processing Fees

## For customers that need "Full Service" for their Brand

- Brand specific cut directions
- Require specific weights/thicknesses on steaks/roasts that require weighing in fab room
- Need special cuts\* (greater than what is found on MB's online cut instructions)
- Labeled with their brand custom label/USDA bug
- Different brand labels based on grading differences.
- Greater than 14 days hang **required** due to your marketing statements.
- Sorting cuts into boxes and with label of product placed on box
- Pallet/forklift loadout
- USDA or Beef Marbling Score (BMS) Grading/Labeling
- Cuts/grind saved for value added production.
- Unique production data information.
