# **Tea Demonstration Session**

Are you a F&B business owner that is looking for tea ingredients and products that can add value to your brand and customers?

Enjoy the first-hand experience at our whisking counter, a sensory overload for freshly whisked and dripped tea, and even desserts that will change the world you look at tea.

Book an appointment with us for tea demonstration

We get asked a lot of times what are we? Are we a tea company? Are we a beverage company? Or are you guys a pastry or dessert company? One thing never change, we are focused.

We are a tea company that innovates tea products so that more people can enjoy tea.

From the start and at the very core, we focus on great tasting products while redefining flavor and textures that everyone will enjoy. As a responsible company, we maintain our principles of sourcing for small-batch, artisanal tea grown by passionate tea farmers that eat, drink and sleep tea, no less. Our only core value is people and its derivatives - craftsmanship, passion and connections. The next time you experience Matchaya, regardless of product or service, be glad to know that you are championing a great cause - to make this world a better place by drinking tea, one cup at a time.
