

## PB05PM – Blupeak 5,000mAh Premium Aluminium Power Bank

The 5000mAh Blupeak Premium Aluminium Power Bank provides a sleek and durable portable charging solution. With a large 5000mAh battery capacity, this power bank will provide enough power to top up multiple devices while out and about.

Dual outputs allow quick charging of up to two devices at once and support all the latest smartphones and tablets including Apple, Samsung, Google, Sony, LG, HTC, Huawei, Motorola, Oppo and more.

### Durable Aluminium Design

Designed to be slim and compact for complete portability. Easily slips into pockets and bags while looking great with its premium grade aluminium shell.

### 5,000mAh Capacity with USB-C

The high capacity 5,000mAh battery provides more than enough juice to get your phone from 0% back to full. With USB-A and USB-C carry just one cable to both charge your phone and re-charge you power bank.
