

Campania Color Chart - Variations

All patinas are hand applied in a multi-step process, producing uniquely beautiful original pieces. The patinas are designed to replicate the look of naturally aged materials. Like stains for wood, each piece will accept our patinas in varying degrees of intensity, creating natural variations that add character and distinction to every piece.

Due to the hand-application process and photography, actual colors may vary slightly from those depicted in these examples.

GREYSTONE

ALPINE STONE

VERDE

COPPER BRONZE

AGED LIMESTONE

BROWNSTONE
