**ANCHORKIT™** Hero Series

## Assembly Manual

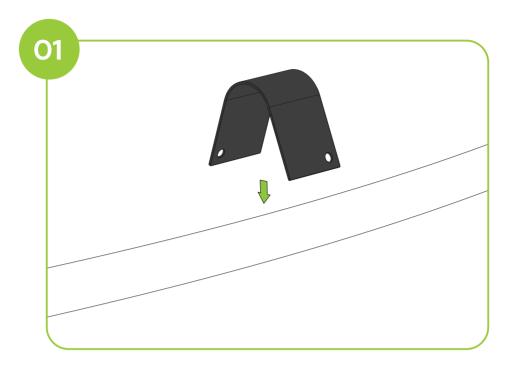

Warning: The Jumpflex® ANCHORKIT™ is only a preventative measure and Jumpflex® does not claim or guarantee the ANCHORKIT™ will prevent your trampoline and or property from sustaining damage of any kind.

**Warning:** Wind conditions can change frequesntly, please take extra precautions if winds are strong.

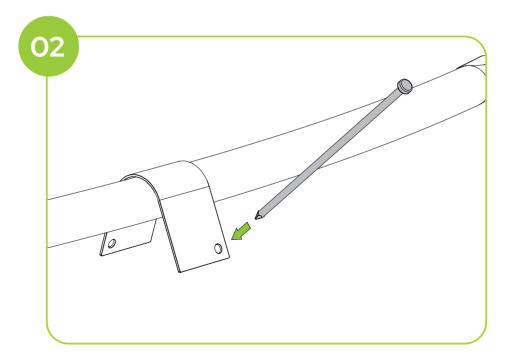

## ANCHORKIT™ Parts List

#	Part	Description	Quantity
1		Bracket	4
2		Peg	8

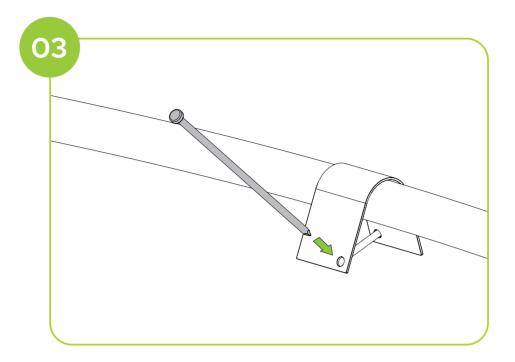

## Assembly Instructions

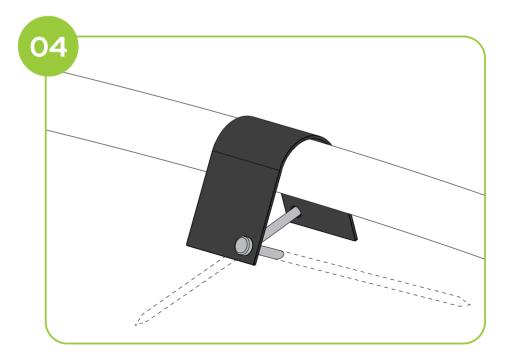

Place the **Bracket (1)** in the center of the lower rail between two legs. Ensuring either side of the **Bracket (1)** touches the ground.

Insert the **Peg (2)** through the outer hole on the **Bracket (1)** at a 45 degree angle. Push or hammer the **Peg (2)** into the ground.

Insert the **Peg (2)** through the inner hole on the **Bracket (1)** at a 45 degree angle. Push or hammer the **Peg (2)** into the ground.

Repeat the steps, placing the ANCHORKIT  $^{\text{\tiny{M}}}$  assemblies on opposite sides of the trampoline.
