

CHALK REBELS

ATTESTATION

Manufacturing & Sourcing

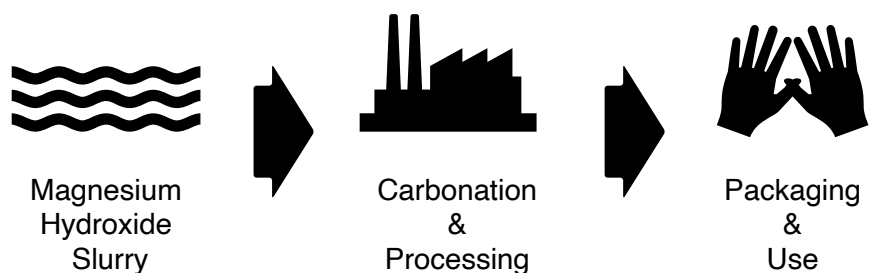

This attestation confirms that our company's production is entirely based in Europe.

We import materials from around the world, selecting only those that meet our high quality standards.

Our end-consumer products are proudly produced in Spain, Sweden, and Belgium.

Magnesium Carbonate

This document equally serves as an attestation that the magnesium carbonate used in our products is sourced from marine origins through carbonation of a magnesium hydroxide slurry after desalination.
