

Maestro Dual Controls Now with LED+ Technology

Expanded compatibility, same space-saving design

Features

- **Stacked design**—control two loads independently from a single location
- **Advanced LED+ technology** ensures compatibility with an extensive list of dimmable LED bulbs
- **Easy installation**—mounts in a standard, single-gang wallbox, no neutrals required
- **MyLevel Personalization**—allows homeowners to customize dimmer settings
- **Works with** high-efficiency bath fans

Dimmer and Timer

Tap once to turn light on (to preset level) or off

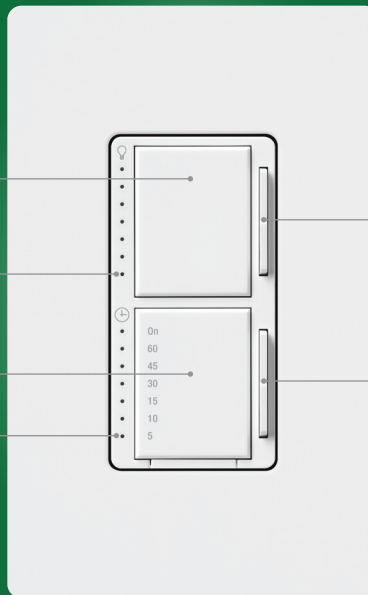

Double tap for full brightness

Press and hold for one second to activate a delayed-off

LEDs indicate level of light intensity

Tap to start countdown timer for a light or fan

LEDs indicate time remaining before load turns off

Tap to adjust light intensity

Tap to adjust time remaining (5, 10, 15, 30, 45, 60-minute options)

Countdown timer ensures light or fan automatically turns off in the selected time setting.
