Multipurpose Wireless Inspection Camera & Cable Pulling Tool

NEW PRODUCT

THE FERRET PLUS - PRODUCT INFORMATION

Multipurpose Wireless Inspection Camera & Cable Pulling Tool

Ferret Tools is creating the future with new thinking and innovation in smart inspection camera technology for Trades & DIY to help build an easier and safer work environment.

For those of you that care about having the most reliable and durable tools with the latest smart technology to help work faster, easier and safer, inspect with a Ferret.

The Ferret Plus, designed and engineered by Ferret Tools, comes with the world's first ever non-contact voltage detector that is not handheld to help detect live cables from a greater reach than ever before. The Ferret Plus is perfect for someone who loves having the latest technology with all the bells & whistles including award-winning features to help work easier, faster & safer.

The new premium Ferret Plus incorporates all of the design and innovation of the original award-winning Ferret with the addition of new technology to provide even greater functionality and usability than ever before. The Ferret Plus comes with built in (on board) memory providing the ability to record video even when out of WiFi range including inside metal ducts, underground or underwater. It also comes with a built-in non-contact voltage detector to help detect live cables from a greater reach than ever before.

THE FERRET PLUS KIT INCLUDES

Padded EVA case

The Ferret Plus IP67 rated camera

Flexible gooseneck and short rod

Hook, magnet and thread adaptors

NEW Right angle adaptor

USB-C charge cable

Spare O-rings and Instruction manual

ALL THE AWARD-WINNING DESIGN & INNOVATION OF THE FERRET WiFi + NEW PRODUCT FEATURES & BENEFITS INCLUDE

NEW	NEW	NEW	NEW	NEW	NEW
BUILT-IN (ON-BOARD) MEMORY	NON-CONTACT VOLTAGE DETECTOR	FERRET ALWAYS UP VIEWING MODE	APP CONTROLLED VARIABLE FOCUS LENS	SUPER FAST CHARGE	RIGHT ANGLE ADAPTOR
8GB memory on-board, to provide many hours of recording even when the smart device is out of WiFi range.	The world's first non-contact voltage detector that's not limited by the reach of your arm.	In the App setting screen you can select to have the image view either normal mode or always up mode.	Focus down as close as 2½" (6cm) to see fine detail. Focus out to infinity for extra clarity.	Charge Ferret Plus from flat to full charge in only 1 hour.	Brass adaptor to allow the Ferret camera to face 90 degrees off centre without using the flexible gooseneck.
View video stored on Ferret Plus on-board memory by plugging the camera into your PC or transferring wirelessly from the camera to your smart device.					
Built-in memory to record video even when the WiFi is blocked	Keep safer and detect live cables from further away by manoeuvring the Ferret Plus next to the cable being tested and the Ferret App will provide both an audio and visual alert.	In this mode no matter which way the Ferret Plus camera is rotated, the image on the App is always the right way up.	Precision of detail using the app controlled variable focus lens Focus from 2½" (6cm) to infinity	Versatility of use Flexibility and convenience	More viewing camera angle options Better control in narrow spaces
