Fence Products

CertainTeed
SAINT-GOBAIN

**DREAM YARDS DON'T JUST HAPPEN,
THEY'RE BUILT ON A FOUNDATION
OF QUALITY AND TIMELESS DESIGN.**

PATENTED CONSTRUCTION

SimTek® Fence has reinvented fence manufacturing with its patented design of rotationally-molded fence allowing realistic granite-stone appearance, dramatic wood texture, and superior performance.

EXTREMELY DURABLE

SimTek Fence is made with a proprietary blend of virgin and recycled polyethylene plastic and reinforced with galvanized steel. Our fence will withstand significant impact or wind-load without compromising aesthetics.

**MADE OF
STRONG LLDPE**

**SUPERIOR WIND
RATING**

**BLOCKS 98% OF
DIRECT SOUND**

**IMPACT
RESISTANT**

WE CREATE BEAUTIFUL YARDS

SimTek decorative walls offer elegance, privacy, and security for your yard. They provide a secluded place for you and your family to spend time together in the place that matters most: your home.

#ilovemyfence

VIRTUALLY MAINTENANCE-FREE

SimTek Fence will never need painting or staining and will not warp, fade or crack. SimTek withstands temperatures from -40° F to $+140^{\circ}$ F, and is resistant to any negative organic process.

SOLID PRIVACY AND SECURITY

SimTek Fence provides exceptional privacy and security for your loved ones. So sit back, relax and enjoy the great outdoors.

Colors throughout this brochure are simulated.
Consult product samples before making final selection.

FADE RESISTANT

ECO-FRIENDLY

EASY INSTALLATION

MADE IN
THE USA

WE CREATE QUIET SPACES

SimTek decorative rock walls block 98% of direct sound.

WE CREATE STRONG BARRIERS

SimTek's decorative rock walls have been tested to withstand constant hurricane winds of up to 110 MPH with gusts up to 130 MPH. Our walls are engineered with steel-reinforced polyethylene, making them extremely durable. They are fade-free and uniquely graffiti resistant.

WE ENHANCE
OUTDOOR SPACES

WE CREATE MAINTENANCE-FREE SPACES

THE ASHLAND™ COLLECTION FEATURES RICH COLORS AND DRAMATIC TEXTURE, WHICH GIVES OUR PANELS A REALISTIC WOOD APPEARANCE

Ashland panels are made from a proprietary blend of polyethylene and contain up to 25% recycled material. No trees are cut down for the purpose of manufacturing our fence.

Our panels contain UV-12 inhibitors for a lifetime of vibrant colors. Ashland polymers have been tested to withstand extreme weather conditions with little to no fading.

Ashland panels will never need painting or staining and will not warp, fade, or crack. SimTek withstands temperatures from -40° F to +140° F, and is resistant to any negative organic process.

Ashland panels have the same look on both sides, thus enhancing both you and your neighbor's outdoor living space.

STEEL REINFORCED GATES

EXTREMELY DURABLE

- The internal frame of our gate is made of a 1.5" x 1.5" galvanized, 14 gauge, heavy-duty, steel frame. Each gate comes complete with two self-closing hinges, a latch, and a striker rod.
- Gates come in 3ft, 4ft, 5ft and 6ft widths and may be double hung for 7ft, 8ft, 9ft, 10ft, 11ft or 12ft openings.
- Hinges thread directly into the interior metal frame of the gate.
- Our spring loaded, self-closing hinges meet national pool codes.

For more information including installation instructions, please visit our website: www.certainteed.com

CONCRETE MOUNTING BRACKETS

A quality finished wall is the result of a quality installation.

Be certain that your retaining wall is at least 8" wide so the bolts can be anchored properly.

SimTek Fence can be installed on top of an eight inch minimum width, poured concrete wall or on a flat concrete surface. Our concrete mounting brackets are made with heavy steel plates and have vertical members. They attach to the concrete with wedge anchors and are bolted to the posts.

Mounting brackets are available for lines, ends, corners, and gate posts. Decorative skirts are used to cover the plates and anchor bolts for a finished look.

PANELS & POSTS

SIZES

- Panels come in 3'H x 6'W, 6'H x 6'W, and 4'H x 8'W
- All panels contain high-grade galvanized steel in both top and bottom rails
- Panel heights cannot be modified; however, panels can be cut to any custom width
- Our panels have been engineered to allow stacking to create 8' and 12' high walls

- Posts come in 8.5' and 12' heights and have a five-inch outer diameter
- All posts contain full-length, internally molded, steel stiffeners for optimum strength
- Posts are made from 50% recycled polyethylene plastic
- For a 12' high fence, we supply metal I-beams with matching plastic post sleeves
