

All-Natural CLE Mineral Drops - Complete Organic Mineral Solution for Optimal Health

CLE Mineral Drops -- Industry-Leading 90%+ Absorption Rate -- Mother Nature's Complete Health-Regenerating Power Harnessed in a Dropper.

Science now knows that the average human body is made of roughly ten trillion individual cells.

Ten. Trillion. Cells.

How can we possibly nourish ten trillion cells? Thankfully, Mother Nature handles that job for us by providing natural cell-regenerating substances all over earth.

But CLE Mineral Drops take it to a new level, concentrating these natural substances into highly potent "cell food" -- earth-derived vitamins and minerals -- in just a small drop. Think of it as **Mother Nature's perfect multi-vitamin** for promoting complete overall health.

What is life like with ten trillion healthier, nourished cells? You would experience:

- Preventative & restorative health benefits
- Protection against age related health conditions & diseases
- Slowed/reversed markers of aging
- *Stronger immune system
- Flu & cold protection
- Body detoxifier
- Reduced Inflammation
- Significant pain relief
- More energy
- Improved brain function
- Thicker hair, teeth and nails
- Clearer, more youthful skin
- Improved mood and cognition
- Healthy weight management
- Faster growth and repair of muscles

The list would go on forever. Simply imagine any part of your body, inside or out, and then picture it looking better, feeling better and functioning better. These are the benefits CLE Mineral Drops were formulated to achieve.

Why Not All Mineral Supplements Are Created Equal

Independent studies have shown that most multi-vitamin and mineral supplements in tablet and capsules form (even top-selling brands) have very poor absorption rates, commonly falling as low as 20%. The reason is that they use cheap methods of mineral extraction, relying on harsh chemicals that destroy the nutritional benefit of the supplement.

Supplements containing minerals extracted by harsh chemicals are seen by the body as toxic and it now has the burden of filtering all of it out, leaving the minerals completely unutilized and useless, which eventually causes vitamin and mineral deficiencies that severely compromise cell health and lead to deteriorating health conditions such as:

- Rapid aging
- Arthritis
- Cardiovascular Disease
- Osteoporosis

And in severe cases, cancer. Without adequate minerals your body can no longer program your cells correctly through DNA sequencing. These damaged, incomplete cells eventually form cancerous tumours.

The Natural Way

We formulated CLE Mineral Drops to give people what they pay for -- highly bioavailable minerals in liquid form that result in industry-leading absorption rates. CLE uses a careful non-chemical extraction process that preserves nutrient integrity to the highest degree. Our minerals are extracted from our company-owned biologically rich land that is home to untouched natural mineral deposits.

Our comprehensive all-natural liquid mineral solution contains:

- 75 plant-derived essential minerals not produced by the body
- 18 essential amino acids not produced by the body
- 30 organic acids
- 5 vitamins proven to increase whole-body wellness
- Highly purified water for a stable, non-toxic solution

In addition, our mineral deposits contain unique natural **Fulvic**, which can be thought of as nature's delivery system. Fulvic is an organic earth-derived material proven by clinical trials to be a potent delivery agent that shuttles nutrients to cells more efficiently, resulting in more nutrient-dense, healthy cells.

The final product is a 100% organic, plant-derived mineral solution with a **90%+ absorption rate**, providing a superior level of value and a quicker path to optimal health.

These are the reasons why CLE Mineral Drops is the most potent, effective and bioavailable natural vitamin and mineral supplement -- **and it has zero side effects and doesn't interfere with medications.** This is why global leading holistic practitioners default to CLE when recommending safe natural supplements.

In addition, our industry-leading practices outlined below have gained us recognition as a transparent and sustainable natural supplement company.
