

Naavudi - Naturally Lower Blood Sugar - Earth's Natural Blood Sugar Support

Introducing All-Natural Naavudi, a 100% pure organic supplement containing 9 organic plant extracts clinically proven as the most potent natural remedies for healthy blood sugar support

Double-blind, placebo-controlled studies show that All-Natural Naavudi helps:

- Lower high blood sugar and maintain healthy blood sugar levels
- Improve insulin sensitivity and blood glucose metabolism
- Reduce cravings for simple carbs and sweets
- Improve physical adaptability and reduce stress
- Reduce BMI (Body Mass Index)
- Lower serum cholesterol

Clinical studies are only now confirming what ancient Ayurvedic medicine has demonstrated for centuries -- that true, natural healing is possible for those with blood sugar problems. All-Natural Naavudi is made of the same supplementary plant extracts that allowed ancient peoples to eat their favorite foods while maintaining healthy blood sugar levels.

We at CLE recognize the foundation of Ayurveda but also have **evolved** All-Natural Naavudi further using advanced lab testing procedures previously unavailable to find the **perfect combination and dosing**. This makes our product the most effective natural supplement for blood sugar support because it:

- contains each of the most potent natural blood sugar support remedies,
- each ingredient is added in its optimal dosage to work synergistically with the other 8 plant extracts, AND
- **All-Natural Naavudi is 100% safe to use with any other medications.**

The result: The efficacy of All-Natural Naavudi's formula is *multiplied* when compared to each plant extract on its own, creating the **most highly concentrated, most highly bioavailable natural blood sugar support supplement to date.**

MALABAR KINO BARK

A staple in Ayurvedic medicine for thousands of years, this plant has a laundry-list of therapeutic properties and is commonly used to lower blood sugar in diabetic patients.
