

DESIGNED & BUILT IN **MELBOURNE**

The Arrow X6.1 Senior is an alternative chassis design to our standard X6 Senior Kart. Utilizing 2 rear bearings and a modified centre rail, it can offer better performance under certain conditions. The Arrow X6.1 incorporates the latest technology, innovation and user-friendly features for maximum performance and ease of use. Built right here in Australia by DPE, Australia's most respected and successful kart manufacturer and distributor, and backed by dealers nationwide, the Arrow X6.1 gives you the power to perform!
