I've recently discovered the 100% Merino Wool Wundies from Merino Country and they are performing fabulously. I get terrible eczema and dermatitis from "normal" underpants and have suffered for many years. Finally, the Wundies are relieving these problems. A great find!

GENEVIEVE, Brisbane, QLD

Have given Wundies a good trial running, dragonboating and working in construction - they have come through with flying colours. Move over Pat Rafter - Wundies are really, REALLY Comfy. Thanks guys.

JOHN, Sydney, NSW

I suffer from Lichen Sclerosis and have found Wundies & the Baa Bra help control the rash. My husband suffers from heat rash in the groin area and they are great for him too.

ROSEMARY, Trucker's Wife

Love my new Baa Bras. They're comfortable & I can actually breathe in them - also helps my reflux.

STEPHANIE, Darwin, NT

Once you've worn Wundies you won't wear anything else. They really do stop chaffing & are great in the heat. Can't believe how comfy they are - especially in the tropics.

In a recent study by the Queensland Institute of Dermatology*, Merino garments and underwear were found to have a significant therapeutic effect for patients suffering from conditions such as Chronic Dermatitis. Some of the benefits include:

- Reduction in doses of prescribed medication
- Significant improvement in the look and feel of their skin
- Patients being able to wear a bra for the first time in 25 years
- Reduced redness, itchiness, inflammation

*Queensland Institute of Dermatology pilot study on the role superfine merino has in the treatment of chronic Dermatitis conditions like Atopic Dermatitis, led by Dr. Lynda Spelman. (2012)

Feedback from leading Dermatologist

"These initial results have truly been amazing, We have seen substantial reductions in skin dryness, redness and itchiness in the measured area of inflammation – and for a number of the patients, this is the first time a real solution to their condition has been presented."

Dr. Lynda Spelman, Veracity Clinical Research
