# Welcome to **Glatz**

**GLATZ** are the leading worldwide parasol experts.

**GLATZ** are a Swiss family company with more than 125 years' experience. As their exclusive UK partner, **AEL** are chosen and trusted by discerning customers as we offer the most comprehensive and innovative choice of parasols on the market.

# UV Protection

## Which standard is our UV protection statement based on?

With the UV Protection test label, **GLATZ** guarantees the maximum possible UV protection of more than 98 percent for the fabric cover classes 2, 4 & 5.

According to the Australian Radiation Protection and Nuclear Safety Agency, all fabric covers from **GLATZ** on the sun protection scale from 15 to 50 have been awarded an Ultraviolet Protection Factor (UPF) of 50+. This seal of approval is only awarded for sun protection products that offer more than the highest sun protection value of 50.

In addition, an independent test lab SQTS has guaranteed the maximum possible UV protection of more than 98%.

# Shade in **Swiss Quality**

## High performance precision engineered products.

**GLATZ** centre pole and cantilever parasols offer a superior quality compared to other brands, providing a host of safety & product features along with a huge choice of styles, sizes, colours, lighting and protective accessories.

Here are why more and more retailers and consumers are choosing **GLATZ**

**Swiss design**, built from high quality precision engineered materials that stand the test of time.

**The fabric** you choose adds a touch of class to a parasol. Our range of high quality fabrics and spectrum of colours can complement the architecture of your home, the design of your garden and surroundings.

**Glatz parasols** filter harmful UV rays with a UPF 50+ rating, keeping you safe in the sun.

**Class 4 fabrics and Class 5** are treated with Teflon™ as well as Scotchguard™ for water and dirt resistance.

**Unique extension** rods and spring loaded arms maintain canopy tension over time.

**No stretching or straining** with a smooth ergonomic hand crank and twist mechanism to open and close, taking the hard work out of operating your parasol.

**Easy to operate** features such as stepless height adjustment (ALU-SMART®), gradual tilt (ALU-TWIST®) and multiple tilt angle choices (SUNWING® C+ and SOMBRANO® S+).

**Lightweight aluminium** frame and pole make the parasols easy to manoeuvre while remaining strong and rust free.

**Glatz offers a variety** of accessories and replacement parts to complement each parasol, from LED lights, protective covers to movable bases and replacement canopies.

# Glatz Fabrics & Colours

The higher the material class the better the light fastness and choice of colours.
