

CERAMIC COAT FOR TRIM

PLASTIC TRIM RESTORER

WIZARDSPRODUCTS.COM • COMPLETE PRODUCT INFORMATION

FEATURES:

- ◆ SiO₂ based Ceramic.
- ◆ Renew Old Faded Moldings.
- ◆ Seal & Protect New Moldings.
- ◆ Repels Dirt & Prevents Sun Fade.
- ◆ Includes two Applicator Pads.
- ◆ Restores Color and Protects for Years.

HOW TO USE:

Clean, rinse and thoroughly dry all areas to be treated using an all-purpose degreaser/cleaner, car wash or a Precoat Cleaner designed for prepping ceramic coatings that contains alcohol (IPA). This removes all oils, wax residue and road grime. After surface is thoroughly dry and out of the sun, drip 10 to 20 drops of WIZARDS® Plastic Trim Restorer to an applicator and then wipe surface to a uniform wet look; allow to dry completely before exposing to the elements, usually about 1 to 3 hours. Do not touch or rub for 24 hours. Recoat after 24 hours if desired.

Allow to dry before using vehicle, about 1 to 3 hours.

PART NUMBERS & SIZES

PART NUMBERS & SIZES:

Part No. 32001, 1.7 fl. oz. - 50 ml, 6/case - Net Wt. 3lbs.

DETAILING • CLEANING • PROTECTION

DESCRIPTION:

WIZARDS® CERAMIC COAT FOR TRIM will restore color and protect for years. Use on old faded plastics to shine, seal and darken body side moldings, bumper extensions, windshield cowl filler, wiper arms or any plastic, vinyl or rubber trim. Apply to engine bay plastics, interior trim, sun faded items on boats, RV or motorcycle plastic and rubber accessories. Brighten and preserve headlight and taillight lenses; also apply to renovated headlights that have been faded. This 9H Ceramic Protection shields from UV rays, is very hydrophobic and will repel water, road salts, dirt and grime for fast and easy cleaning.
