

# SELECT PRO™ CUT & POLISH MACHINE POLISH

WIZARDSPRODUCTS.COM • COMPLETE PRODUCT INFORMATION

### FEATURES:

- ◆ Removes compound swirl marks.
- ◆ Produces high gloss finish.
- ◆ For all paint types.
- ◆ Easy clean-up.
- ◆ Use with gray foam polishing pad.

### HOW TO USE:

Starting with a clean, cool surface, apply CUT & POLISH generously using a WIZARDS® #11312 GRAY FOAM PAD. Slowly buff/spread in a 2'x2' area, then increase to run rotary buffer at 1000-1500 RPM. Use medium to light pressure working back and forth to bring up a high gloss. Holding pad flat to the surface and slowing speed on final pass will deliver the best finish. Clean/spur pad with brush as needed. Always leave a light oil film and do not dry buff before wiping clean with a microfiber cloth. On black/dark colors or show paint, continue with WIZARDS® #41003 ULTRA FINE MACHINE FINISH. Or skip step 4 and detail finish to a super gloss with #01214 MIST-N-SHINE® and a microfiber cloth.

**HINT:** For a faster cut using CUT & POLISH use wool or white foam cutting pads up to 2000 RPM, then gray foam at slower speeds.

**ORBITAL D/A DIRECTIONS:** Apply Cut & Polish generously to full face of wool or foam cutting pad. Hold pad flat to surface and spread across a 2'x2' section using light to moderate pressure with 3-4 slow passes. Add drops as needed once pad is seasoned and wet. Clean face of pad with nylon brush as needed.

### PART NUMBERS & SIZES

#### PART NUMBERS & SIZES:

Part No. 41002, 32 fl. oz. - 946 ml, 6/case - Net Wt. 15 lbs.  
Part No. 42002, 1 Gal - 3.785 liters, 4/case - Net Wt. 36 lbs.

### DETAILING • CLEANING • PROTECTION

#### DESCRIPTION:

WIZARDS® SELECT PRO™ CUT & POLISH ② Machine Polish will quickly and smoothly remove fine scratches and compounding pad swirls to produce an excellent high gloss finish on all paint types. Designed as the second step to the Select Pro Buffing System, Cut & Polish will also perform as a stand-alone when deeper scratch removal leveling is not required; pad choice determines cut vs. polish.

#### BENEFITS:

CUT & POLISH is a universal mid range polish that quickly completes the task of leveling swirls and dialing up the gloss. Pad choice from cutting to finishing allows a wider range of use and performance. Recommended for rotary & Dual Action/Big Throw Polishers.
