ASSEMBLY INSTRUCTIONS

- 1. Open the lilitab head unit** by placing it facedown on a clean surface and squeezing the finger latches together as shown. Carefully lift up and the faceplate will come off, allowing access to the inside of the head unit.

- 4. Position the faceplate over the tablet.** Be sure to align the openings. Gently press down around the edges—it should snap into place.

Refer to your lilitab Mount owner's manual for instructions on attaching the head unit.

- 2. Place the head unit onto a clean surface** with the inside of the enclosure facing up (with the cable on the right side). Rotate the **green "rotational keepers"** on the left side of the enclosure such that the #2 is closest to the outside edge.

- 3. Plug the cable that came with your kiosk into your tablet.** Slide the tablet under the keepers on the right side ensuring your tablet is centered inside the enclosure. Rotate the keepers on the left side such that the number "1" is closest to the center of the tablet as shown in the photo to the left.

CLEANING INSTRUCTIONS

Cleaning kit available on our website in the accessories section.

1. **Spray the Brillianize** onto one of the cloths provided.

WARNING: Other cloth/material may scratch the surface of your lilitab

2. DO NOT spray directly onto your lilitab!

3. **Rub gently** in a circular motion to remove fingerprints and dirt.

WARNING: Applying excess pressure can scratch the surface of your lilitab.
