4 x M4 x 6mm

1 x Silver L Key
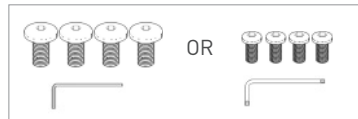

ASSEMBLY INSTRUCTIONS

1. If you selected **portrait orientation**, your arm mount points are circled in the photo to the left.

2. If you selected **landscape orientation**, your arm mount points are circled in the photo to the left.

NOTE: If you selected both portrait and landscape, all of the mount points circled in the two photos in step 1 and 2 will be available.

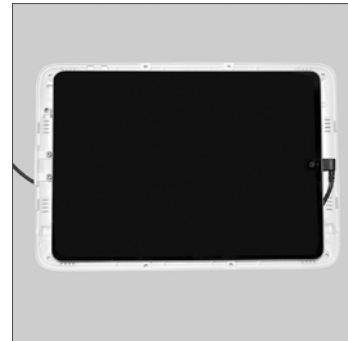

3. **Attach Keyboard Mount Arms** to the rear of your enclosure. For **K & H Landscape, H Portrait, P Landscape & Portrait** use **four (4) m4 x 8mm long screws** and **black L key.** For **K Portrait four (4) m3 x 6mm** and **silver L key.**

**NOTE:** See Step 4 for P Head install.

4. For a **P Head Unit**, use the circled arm mount points shown here.

**5.** **Install your tablet** into the Head Unit and the Head Unit onto your Kiosk Mount.

> Refer to your Lilitab Head Unit owner's manual for tablet installation and your Lilitab Mount owner's manual for attaching the Head Unit.

6. **Install the Keyboard Tray** onto the arms, using **two (2) m4 x 6mm screws** and **black L key.**
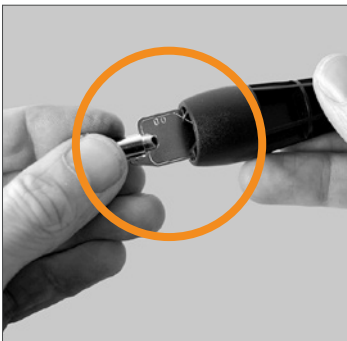

7. **Find the ideal angle** for your Keyboard Mount and fasten, using **two (2) m4 x 6mm screws** and **black L key.**

8. **Peel the protective backing** off the VHB tape, center your keyboard and press down firmly.

9. **Key Extender.** Use the Key Extender to turn MagDOCK Key (for Pro Kiosks), as the Keyboard Mount arms make it hard to reach by hand. MagDOCK Keys ship with your Pro kiosk.
