

The Lilitab Hand-Held System is designed for 10" tablets including iPad and Android.

Lightweight, compact and durable, with an integral hand-grip, the Lilitab H Head Unit is designed from the ground up for comfortable, all-day, hand-held use.

We've thought of everything

Accessible. Equipped with access to volume, power button, home button, optional headphone jack and front and rear cameras with the ability to disable each of these features independently.

Accepts credit cards. Optional support for the Magtek eDynamo, Verifone e355 and other payment modules.

Easy charging. The Lilitab Handheld works with the Multidock charger for effortless, simultaneous charging of up to four units at a time.

The lay flay Handle can be installed on the left or right
