

WELLAND VALLEY FEEDS NEWSLETTER

January 2020 ~ Volume 248

*Happy new year from the staff and directors of
Welland Valley Feeds*

HAPPY NEW YEAR

We wish you a very happy holiday and look forward to seeing you in 2020.

The new year will bring exciting new challenges so make sure you are equipped to meet them.

Now is the right time to service your machinery ready for the new season.

Or, is it time to consider part-exchanging your machine for a newer, more efficient model?

Whatever your needs we are here to help and look forward to being of service in 2020.

Horse Feed for Good doers

Top Spec Lite 15kgs £21.25

- Researched and developed at Middle Park Equine Research Unit
- Very low in sugar and starch
- High fibre
- Contains vitamins, minerals & yeast
- Includes an effective hoof supplement

Allen & Page Veteran Lite

Ideal for . . .

- Older horses at rest to light work
- Good doers who need a low calorie feed
- Horses and ponies prone to laminitis
- Fussy feeders
- Horses and ponies struggling to chew due to worn or missing teeth

Dengie Alfa-A Lite 20kgs

- Straw free quality fibre
- Ideal for respiratory health
- Pure alfalfa with light molasses coating
- Added spearmint oil for great palatability
- Natural source of amnio acids for building topline

Allen & Page Sugar & Cereal Diet

Ideal for . . .

- Horses and ponies at rest or in light to medium work
- Horses and ponies requiring slow release, stamina giving energy
- Horses and ponies suffering from intolerances to cereal grains and molasses
- Benefits of Sugar & Cereal Intolerance Diet . . .
- A chaff based feed high in fibre and low in starch and sugar
- No added sugars, molasses or cereal grains
- Natural source of vitamins and minerals
- Contains a probiotic and a blend of prebiotics for healthy digestion

Dengie Hi Fi Lite 20kgs

- Low calorie high fibre maintenance feed
- High quality soft straw blended with nutrient rich alfalfa
- Perfect for good doers or overweight horses and ponies

- Includes linseed – a good source of Omega 3
- Suitable for horses and ponies with intolerances to cereal grains and/or molasses

Dodson & Horrell Go Lite Balancer 15kgs £18.25

- High specification balancer
- For horses in need of calorie-controlled diet and those prone to laminitis
- Low protein, low calorie
- Herbal health care
- QLC Antioxidants
- Hoof Supplement

Baileys Horse Feeds Lo-Cal Balancer No14 20kgs £26.95

- Top specification nutrient dense pelleted balancer without the calories associated with traditional mix or cubes
- For horses at rest or in light work, good doers, laminitis prone

Spillers Lite/Lean Balancer 20kgs £25.75 (84029)

- Provides a broad spectrum of vitamins and minerals specifically formulated to balance a calorie restricted diet.
- High in amino acids including lysine, methionine and threonine typically deficient in calorie restricted diets to support lean muscle and topline.
- Formulated with cinnamon, FOS and magnesium to support weight loss and healthy metabolism.
- Contains 15mg of biotin per 500g serving proven to support hoof health.
- Cereal grain free, low in starch and sugar.
- Suitable for horses and ponies prone to laminitis.

Blue Chip Lami Light 15kgs £33.95

- Diet feed balancer
- Low in sugar, calories and starch
- Specially formulated using advanced research to give nutritional support to horses and ponies on restricted diets, overweight or prone to / recovering from laminitis

Festive Figures!

Festivities finished – one too many treats for ourselves and our feline and canine friends means we all need to look at our diets for keeping us healthy and performing well. Obesity in your pet / working animal will have harmful effects on their health in much the same way that being obese causes problems for us humans. . . .

Similarly, animals need to follow a balanced diet and there is an amazing array of products which are showcased on these pages to help – if you are confused by it all, please ask the staff at Welland Valley Feeds who will be happy to help guide you.

Basically, for both dogs and cats there is a requirement for six essential classes of nutrients:

1. Water
2. Protein
3. Fat
4. Carbohydrates
5. Vitamins
6. Minerals

Each animal will have different requirements according to their WEIGHT, AGE and ACTIVITY LEVEL.

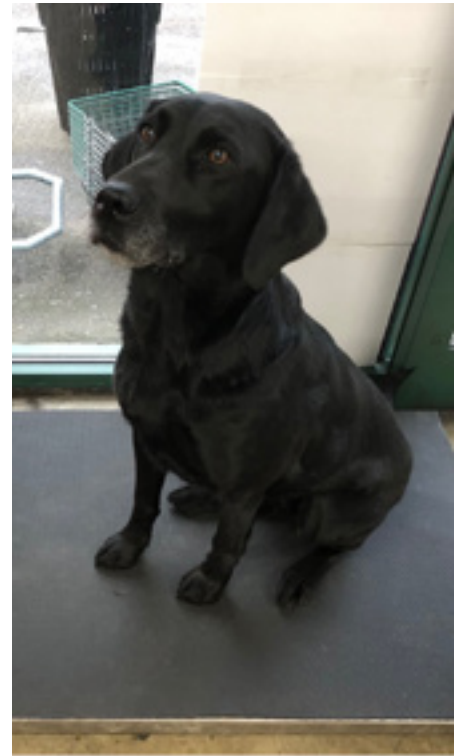

We have scales in store to help gauge whether your pet is a good weight. Feeding should be on the animal's optimum weight rather than what they actually weigh

Age – as animals age, their requirements change so the mix of protein, vitamins and such like will vary.

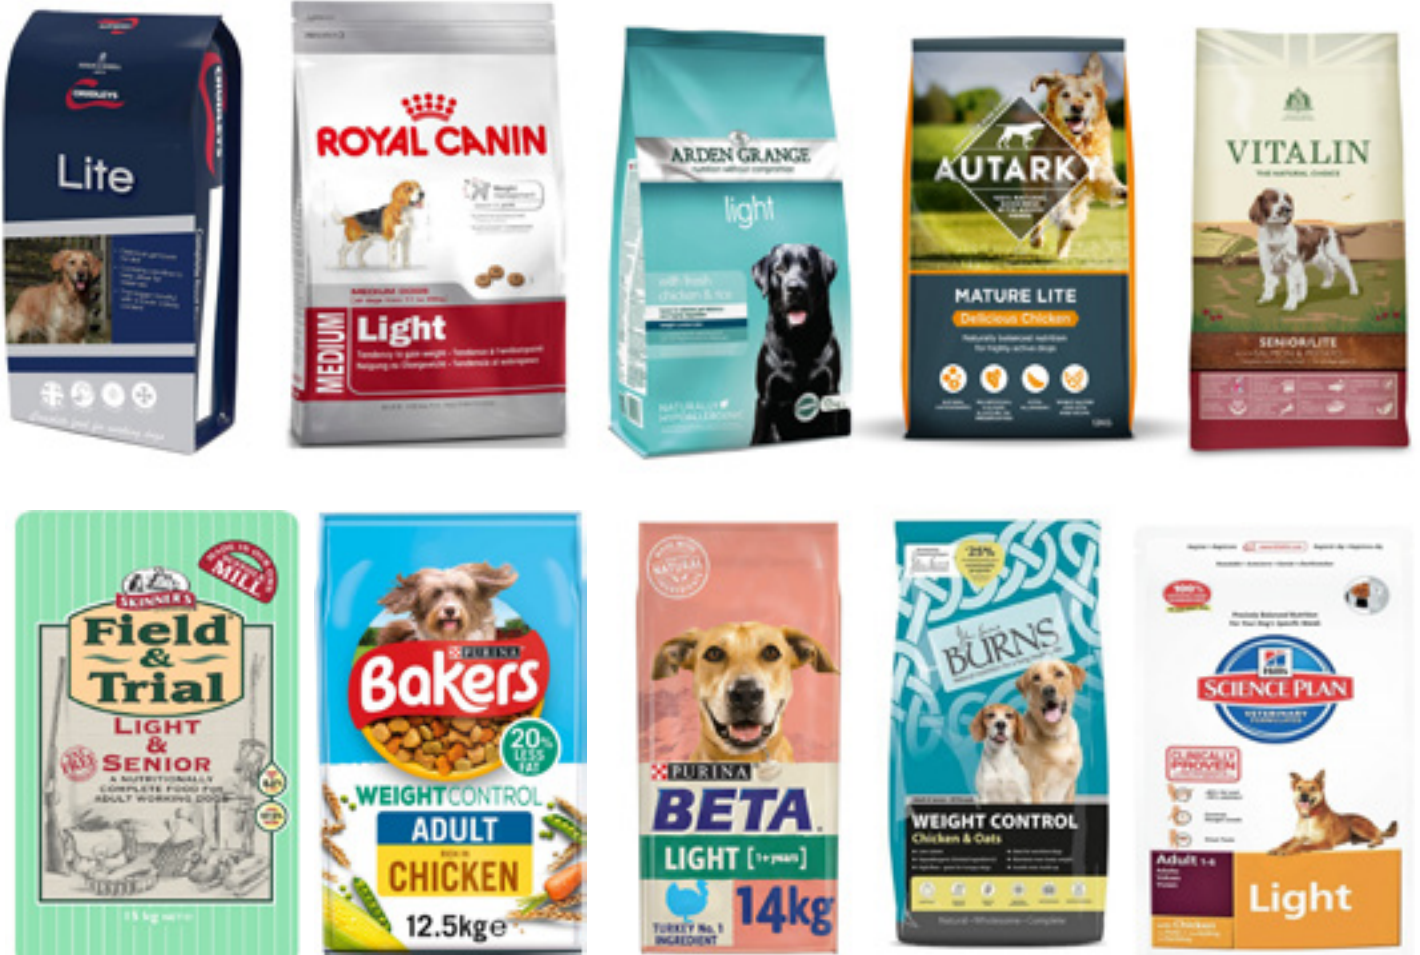

Activity level – just like humans, animals will have energy demands dependent on the level and type of “work” they do – harder working animals will require more energy than those who have a more sedentary lifestyle.

Cats are carnivores so their diet needs to be high in protein from primary sources. Eighty percent of cats seen by vets are considered to be overweight.

Dogs don't need us to show our love and affection for them with lots of food treats – this is contributing to an increase in the number of obese dogs seen by the vet. Keep the food treats to special occasions and shower them with love

The gorgeous Tuna checking she's kept her figure over the festive season. Come in and get your pet weighed, doggy treats on us!

January Special Offer

£10 off all 12kg

Available until 31st January.

SIMPSONS PREMIUM

When it comes to caring for our best friends, we need to make sure we're giving them a good quality food that contains all the nutrients they need to live a healthy life. It doesn't matter if your dogs are show dogs, working dogs or pets first and foremost, they deserve the best at mealtimes.

- Naturally Wholesome Nutrition
- High Quality and Affordable
- Puppy, Adult and Senior
- All products contain over 40% meat
- All the dry foods are manufactured in the UK with the ingredients sourced here where possible.

Simpsons Premium

Feeding Sheep During Pregnancy

The foetus grows rapidly during the last 6 weeks of pregnancy, and at the same time udder development takes place. If the ewe is undernourished during the final weeks of pregnancy she can become dangerously ill with Twin Lamb disease, and won't be able to produce essential colostrum for her offspring – especially if she is carrying twins or triplets.

Eight weeks before lambing, start giving a small daily feed of 0.25kg per ewe per day. Make sure that the ewes have enough trough space so they can all feed at the same time, otherwise a weaker ewe might miss out on her full ration.

Six weeks before lambing, step up the concentrates to 0.5kg per ewe per day, and then 0.75kg for the following 2 weeks, rising to 1kg per ewe for the last two weeks. Hill and primitive breeds tend to have a lower lambing percentage, so their energy requirements are lower. Primitive breeds, such as Soay, Portland and Manx Loghtan, usually have a single lamb and any supplementary feeding should be minimal. Mineral buckets are also beneficial during this last stage of pregnancy.

Another important task is to vaccinate, using Heptivac P or similar, against Clostridial diseases and Pasturella between 4 and 6 weeks before lambing. The ewe will pass on a passive immunity to her lambs through her colostrum which will last 6 - 8 weeks. Heptivac P is available at WVF.

Rumins Stay Dry Sheep GP

A free-access mineral, vitamin and trace element supplement for grazing and housed sheep

- Fortified with minerals, trace elements and vitamins to help meet the animals' nutritional requirements
- Contains added selenium, zinc, cobalt and iodine to support good stock health, fertility and growth as well as supplementing grazing and forages with major minerals
- Waterproofed and flavoured to enhance palatability and ensure intakes

SUPALyx Sheep

A high specification mineral, vitamin and trace element bucket to help support flock health and performance all year round

- Fortified with minerals, vitamins and trace elements often found deficient in grazing and forages
- Contains high levels of selenium, cobalt and vitamins E, B1 and B12 to support good flock health and performance
- Contains a source of protected zinc ideal for where there is a risk of lameness

SUPALyx Super Energy Plus with Fish Oil

An extra high energy feed and mineral bucket for ewes in the run up to lambing

- Very high energy, including rumen protected fat, ideal for ewes at risk of twin lamb disease
- High level of quality protein, including hi-pro soya, to help support colostrum production and milk let down at lambing time
- Fortified with minerals, vitamins and trace elements, including selenium, cobalt, zinc and vitamin E, to support good ewe health and overall performance in the run up to lambing

Crystalyx Extra High Energy

Crystalyx Extra High Energy is a feed tub that can be used all year round to provide supplementation for ewes, rams and lambs. High in protein, energy and with a full complement of minerals, trace elements and vitamins, Extra High Energy and forage can be all you need to operate a highly effective and profitable sheep rearing system.

Crystalyx Standard

Crystalyx Standard is the ideal tub to be fed to a mixed grazing system. Standard provides livestock with high levels of energy and an excellent source of protein, along with valuable source of vitamins, minerals and trace elements. Standard can be used as a supplementary source of magnesium for beef cows and ewes in early lactation.

Pedigree Sheep Mix

A highly palatable coarse mix, scientifically formulated for sheep of all ages, including lambs, rams and ram lambs.

- Rolled oats and other highly digestible cereals provide energy to meet the elevated requirements of pregnant and lactating ewes as well as growing lambs.
- Vegetable oils support milk production and quality as well as improving skin and wool condition for those animals being prepared for the show ring.
- With a special mineral inclusion to help prevent urinary calculi and copper toxicity in housed rams and ram lambs.

Country Mix

A convenient all-round smallholder ration to suit all ruminants

- Provides highly digestible energy which will meet the increased demands of pregnant, lactating or growing stock, or simply supplement that provided by forage.
- Supplies good quality protein sources to support production and development.
- Contains a full spectrum of vitamins, minerals and trace elements to support health

SC Sheep

SC Sheep contains extra high levels of selenium (including Sel-Plex®) and cobalt help combat very common deficiencies in these essential trace elements. Selenium is required for healthy muscles, and a deficiency in cobalt can lead to pine in lambs.

Glucose

A glucose feed bucket ideal for ewes at risk of twin lamb disease at lambing

- Contains 100% glucose sugar for ewes on low energy diets at risk of twin lamb disease
- Ideal for multiple-bearing ewes from 2 weeks pre-lambing
- Can be fed safely to stock already having received a mineral-vitamin bolus or injection

Rumevite High Energy & Protein

A high energy and protein feed and mineral block for cattle and sheep on grazing or low energy and protein forages

- High protein, containing a mixture of natural and urea protein, to help increase protein availability to stock fed poorer quality forages
- Good levels of energy from several sources to help support optimal body condition scores, target growth rates and milk production
- Fortified with minerals, vitamins and trace elements, including protected zinc, to help balance deficiencies in grazing and forages to support good stock health

Ewbol 18

Ewbol 18 is a quality feed designed to meet the requirements of extensive systems and flocks with good lambing percentages.

Producing lambs with:

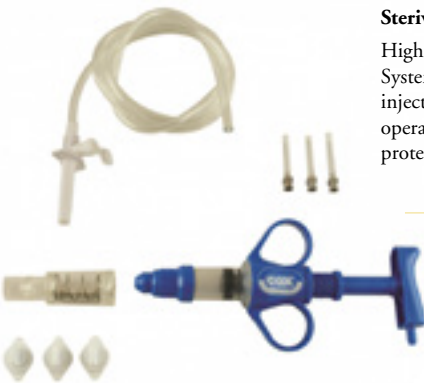

- Good health and immunity status
- Good growth rates
- Strength and vigour

Veticop 100ml - £26.63 + VAT

Veticop is a cobalt-blue, sterile aqueous suspension and contains 20mg copper per ml as copper methionate complex. Veticop is indicated for the treatment of hypocuprosis in sheep and for the prevention of swayback in lambs by administration to the ewe halfway through pregnancy.

Swayback occurs in newborn lambs from ewes with inadequate dietary copper intake. Affected lambs can be born dead, weak, or unable to stand. If mobile, they are ataxic

Sterivax Pack

High quality 5ml Phillips vaccinator with the Sterimatic Needle System, administers automatically disinfected and accurate injections. The Sterimatic System protects the needle, increases operator safety with fewer needle stick injuries and helps to protect livestock against cross infection from viruses and bacteria.

Heptavac

Combined 7 in 1 Clostridial plus Pasteurella vaccine containing per ml: Clostridium perfringens beta toxoid : Clostridium perfringens epsilon toxoid; Clostridium septicum: Clostridium tetani toxoid: Clostridium novyi toxoid; Clostridium chauvoei cells and equivalent toxoid and formalin killed cells of the epidemiologically most important serotypes of Mannheimia haemolytica and Pasteurella trehalosi.

For the active immunisation of sheep as an aid in the control of lamb dysentery, pulpy kidney, struck, tetanus, braxy, blackleg, black disease and clostridial metritis caused by the above listed organisms.

The vaccine may be used as an aid in the control of pneumonic pasteurellosis in sheep of all ages from a minimum age of 3 weeks and in the control of systemic pasteurellosis in weaned fattening and breeding sheep.

Battles Twin Lamb Drench

A fast-acting, energy rich drench to protect against, and support Twin Lamb Disease. Contains a combination of two valuable energy sources to offer the ewe an instant energy boost, as well as a sustained energy supply. Also contains a bioavailable source of calcium for protection against hypocalcaemia.

Country Twin Lamb 4 in 1

A complimentary feed which provides vitamins, trace elements, energy sources & appetite stimulants. Recommended for use in cases of twin lamb disease in ewes.

Double Adjust Web Prolapse Harness

A well-designed harness for the secure retention of prolapses without the need for stitching.

Net-Tex Prolapse Ewespoon Pack of 4

Attracting birds to your garden

The rattle of seeds in the feeder. The bubble of the kettle boiling. The crinkle of the biscuit packet. It's cold outside, but you're in the warm, about to make time for your birds. Bliss. Register at www.rspb.org.uk

Here at Welland Valley Feeds we have everything in store to attract the birds to your garden!

There are many different mixes for different feeders and ground feeding.

A small seed such as millet attracts mostly house sparrows, finches, and reed buntings.

Flaked maize is hugely popular with blackbirds.

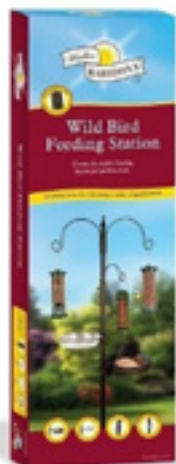

Black Sunflower seeds are fantastic all year round food. The Sunflower hearts are a popular alternative being less messy!

Niger seed has high oil content and is a favourite amongst goldfinches.

Peanuts are a good fat source and popular with greenfinches and house sparrows to name a few. Salted or dry roasted peanuts should not be used.

Fat Balls and other fat based food bars are an excellent winter food.

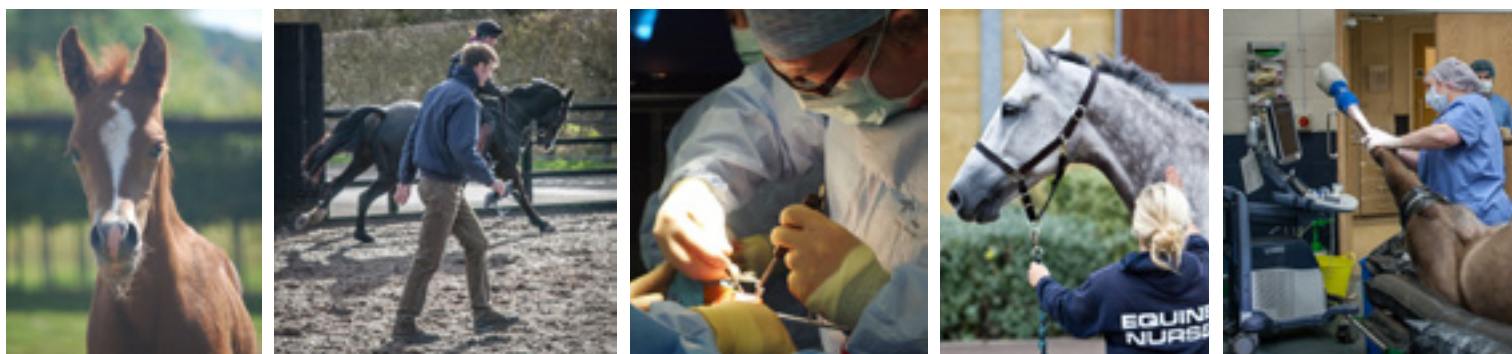

Mealworms are thoroughly enjoyed by robins and blue tits; they may attract other insect-eating birds such as pied wagtails. These can be fed throughout the year.

WVF Wild Bird Deluxe
 WVF Sunflower Hearts
 Eyebrook Wild Bird and Premier Plus.

Equine Hospital, Referral Centre and Equine Fertility Services

We are a long established equine hospital with purpose built facilities and an extensive range of diagnostic equipment. As a clinical associate of the University of Nottingham Vet School we benefit from their specialist staff who work alongside our own experienced veterinary surgeons and nurses. Together they provide the highest level of veterinary care and expertise as required by our RCVS Tier 3 hospital status.

WELFARE AND SECURITY SYSTEMS

Our systems are ideal for; equestrian facilities, farmyards & barns, fields, construction sites, allotments, to name a few. In fact, our systems are ideally suited for *ANYWHERE without Internet access and with or without mains power. In some cases, Solo products may be a more cost-effective alternative to installing new cabling, whether mains or broadband. (*requires Mobile Network Coverage)

Solo Product Range

Solo-LTE	4G/WiFi LTE Router: If you have mains power and just require Internet & WiFi, this is for you.
Solo20	Complete Off Grid System: 20ah battery powered, solar charged system with built in 4G router and 1 camera
Solo40	Complete Off Grid System: Like Solo20, but with double the battery at 40ah & larger solar panel
Solo240-1	Mains power: This system is full mains power, with Industrial 4G/WiFi router and 1 camera
Solo240-1UPS	Combined power: Mains + Lithium battery offering uninterrupted power supply, with industrial 4G/WiFi router and 1 camera
Solo240-4	Mains power: This system is mains powered, with industrial 4G/WiFi router, 4-way switch and 4 cameras
Solo Alarm	Alarm Systems: A range of mains, or battery powered alarms, wired and WiFi

**We offer bespoke solutions, whatever your requirements.
Contact us, we have a solution for you and would be happy to help.**

One of the main issues associated with rural living, is poor or inadequate Broadband. By utilising mobile phone networks, we've seen internet speeds vastly improved in rural areas after switching to our 4G routers and systems.

Rural crime is on the increase and it's a sad fact of modern life that CCTV cameras and intruder alarm systems are now crucial as a deterrent to protect properties, livelihoods and investments. Our systems operate reliably both externally and internally, protecting everything you value.

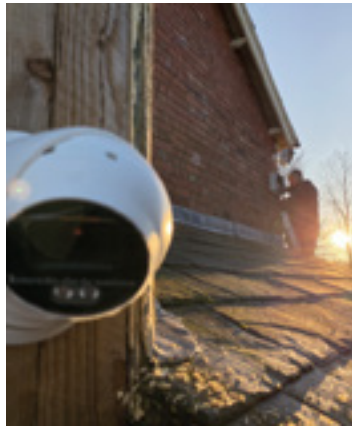

Incognito Systems Ltd is a privately-owned company based in Northamptonshire, specialising in the development and installation of welfare and security solutions.

Remote monitoring on your smartphone or tablet 24/7

SYSTEMS FOR RURAL AREAS

Hallaton, Market Harborough, Leics. LE16 8UP

Full,
competition,
schooling &
sales livery
available

12 box yard on private property, 25x55 outdoor school with full set of show jumps. Great hacking. Top standard of care - attention to detail, with horses treated as if they are our own. We pride ourselves on training and producing horses to the highest of standards.

Yard is located just outside Wellingborough with easy access to numerous competition venues.

Contact Seb Hughes on 07884 338349 to discuss your individual requirements.

VINCENT BROWN – KEECH

Now has space for **full** and **part** livery at Pipewell.

In a small secluded family yard,
with the owners living on site.

The yard offers great facilities including;

- A flood-lit manege
- Individual or mixed turnout
- Wash box with hot and cold running water
- Solarium
- A horse walker
- Great off road hacking in the area
- 24hour CCTV in operation

Livery packages can be tailored to fit individual needs – breaking, sales, schooling, training, hunter, eventing and holiday livery are all available.

Please ring Vincent to discuss your requirements on 07957 270286

Baseworks Ltd

Arenas • Gallops • Groundworks

07968 391224

leeroberts28@aol.com

baseworksltd.co.uk

Who we are

Baseworks Ltd

We're an experienced and professional builder of equestrian arenas, gallops, surfaces and groundwork, conveniently located in Northamptonshire and serving our customers nationally.

Our Services

Equine Arenas, Gallops, Canter Tracks, Refurbishment of existing Arenas, Gallops and Canter Tracks, Surface Supply and Top Up, Stable Base and Horse Walker Base, Major Groundwork Projects, Fencing, Paddock Maintenance

Equine Landscaping

We offer a full construction service for your equine arenas, gallops and canter tracks from start to finish which begins with a full site survey.

Fencing

We supply and install all types of fencing; security, railings, mesh, gates, barriers and bollards for domestic, equestrian, agricultural and commercial projects. Not only will it look great but it will last.

Major Groundworks

Our installation teams have 10+ years experience in most civil ground works and are able to deliver cost effective ground works for a wide range of projects, including Commercial, Agricultural, Domestic, Equestrian and Environmental.

Equine Landscape Refurbishment

After time sand can solidify losing its flexibility and create wet spots. We are able to provide refurbishment of your existing equine arenas, gallops and canter tracks.

Surface Supply and Top-Up

If you wish to do a simple top up of your Arena, Gallop or Canter Track we can advise you on the best surface that is right for you requirements and are able to supply different types of surface.

Stable and Horse Walker Base

We offer a full construction service from planning to build. We can do anything from a private yard of a stable block to a large commercial yard to include American barn, walker, car parking, roadways etc.

To view our portfolio and for more information please visit our website: baseworksltd.co.uk

Leicester Animal Rescue

Leicester Animal Rescue have many dogs and cats seeking kind, permanent homes. All are microchipped and up to date with flea and worm treatment, and adults are neutered. Please note we only re-home within the Leicestershire area.

Barnaby & Belle do not like dogs, have not really been around other cats and are not used to young children. They are very friendly and love a fuss. They are brothers so we will home them together

Cookie is not used to young children so we will home her with children over the age of 12 years old. She is not good with cats and is reactive to dogs when out walking but she can get on with other dogs when introduced properly. She will need some training.

Please telephone to book a viewing appointment 0116 259 9399.

THREE SHIRES COUNTRY FEED PRODUCTS

Top quality hay & straw delivered to your stable door.

All products are barn stored, additive, dust and weed free.

HAYLAGE

£5.95 per bag, 12 bags for £60, delivered and stacked.

Vacuum packed in 18/20kg bags.

Three Shires haylage is a high fibre meadow mix made up of a mixture of grasses making it highly palatable.

It is high in fibre, dust free, low in calories and helps maintain a healthy balanced diet for your horse or pony.

All our haylage goes through our sorting machine where it is checked to make sure it is of the highest quality before it is rebagged and vacuum sealed to ensure it retains its freshness.

AUTUMN HAY SPECIAL

Small bales of hay

£4.50 each or 14 bales for £60. Delivered and stacked

Large square bales of hay

(equivalent to 5-6 small bales)

£22 each or 3 for £60. Delivered and stacked.

Second grade round bales of hay £30 each

Basic Payment Scheme

Payments due to commence in December 2019

James Douglas

Bsc (Hons) MRICS, FAAV

The 2019 Basic Payment Scheme (BPS) rates have been confirmed by the Rural Payments Agency (RPA) and the payment window is now open. These payments commenced on 2 December 2019.

Just under 85,000 applications were submitted by the deadline which was set for 15 May 2019. 74,000 of these applications were submitted online.

PAYMENT RATES

The BPS 2019 entitlement values and greening payment rates have been confirmed as follows (BPS 2018 values are given in brackets and italics): -

Payment Region	Entitlement Value* (2018)	Greening Payment Rate*(2018)
Non-SDA	€182.70 (<i>€181.39</i>)	€78.69 (<i>€78.13</i>)
SDA	€181.34 (<i>€180.00</i>)	€78.11 (<i>€77.53</i>)
SDA Moorland	€49.76 (<i>€49.09</i>)	€21.43 (<i>€21.14</i>)

The exchange rate applicable for BPS 2019 is €1 = £0.89092 (BPS 2019 was £1 = £0.89281)

Whilst no public payment performance targets have been published by DEFRA or the RPA, with current progress it is looking likely that the RPA should issue a payment to at least 90% of BPS 2019 claimants by 31 December 2019.

The payment window closes on 30 June 2019, but the RPA should be aiming to finish validating as many claims as possible during the first quarter of 2020.

For BPS 2018, bridging payments were made in April to a claimant who had not been paid by 31 March 2019. Those payments were for 75% of the claim value held on the RPA's system at the point in time the payment was issued. A decision on whether the same approach will be taken with BPS 2019 is awaited and we will provide an update on our website as soon as more is known.

BPS 2019 claim processing can be "tracked" on the Rural Payments service. From "BPS Applications" go to "Apply for BPS" and there is a "status" box which shows what stage the claim is at.

As the system used to make payments is separate, nothing is shown on the "tracker" to indicate when a payment has been issued. Once a payment is made, a remittance advice should be sent to the claimant, followed by a Claim Statement (which is in the same format as previous years). As the payment is based on the "control" data (land and entitlements) held on the RPA's system at the point in time the payment is issued, ensure that the eligible area (both declared and found by the RPA) and the number of entitlements are checked on the Claim Statement. Issues seen in the past have included:

- RPA finding a lower eligible area
- Incorrect greening reductions/penalties
- Entitlements incorrectly removed/expired

If there is an unresolved payment query from previous Scheme years, this may of course affect the accuracy of the BPS 2019 payment. If a BPS 2019 payment appears to be incorrect, a Payment Query Form should be completed and submitted.
