

Lucas

When performance counts

Lucas

The power of ENERGY

Overview

The range of Lucas motorsport batteries brings together a winning combination of leading edge technology, robust design and precision engineering for motorcycle, off-road and jetski applications.

The built-in qualities of exceptional starting power – up to 30% more than traditional batteries – and the high resilience to deep, repeated discharge make this range of batteries the power source of choice for bike owners and motorsport participants.

Range

CONVENTIONAL WET OR DRY

AGM LIQUIFIX

AGM SEALED

Exceptional starting power – up to 30% more than traditional batteries

Robust design, making batteries vibration and shock proof

High resilience to deep and repeated discharge

Long-life built into every battery

Gel and AGM can be mounted at upto 90° tilt
