Alamar PRE FALL / HS24 COLLECTION

The Peruvian coastline is imposing. One of the few places of the world where a vast desert meets an rich ocean. A unique space, full of life, diversity and nature at its most impressive, it is the inspiration behind ALAMAR, ESCVDO's latest High Summer collection.

Alamar PRE FALL / HS24 COLLECTION

ALAMAR showcases the colors of this particular geography. It explores the sand in its meeting of an ocean of many shades, it goes through the dunes, and through the mirage effect the sunlight has on water and on the golden color of the earth. It takes in intense sunsets and clear mornings.
