Employability Skills

from the course library of

TRANSFORM
CAREER ACADEMIES

More than ANYTHING else, employers are pleading for candidates who actually have a work ethic and some soft skills!

Employability Skills, designed for grades 7 through 12, presents game-changing information in thirty 20-minute modules that can be added to existing classes or combined into 40+ minute, full period classes

Critical life skills taught that directly enhance employment readiness and success in the job market include

- Understanding what a work ethic is and why it is important
- Understanding how you are wired
- How to reduce stress
- The importance of etiquette
- How to present as a professional
- Effective written, verbal, and non-verbal communication
- Conflict resolution at work and in life (hands-on behavioral modification role plays)

“We can teach them the technical skills they need. What we need them to present is a work ethic and the ability to solve problems.” Director of Operations, major manufacturer.
