HOLIDAY HERITAGE HOUSE

Accommodation Guide Tokios Heritage House

Idyllic Vineyard Retreats

Beside the Rust tasting room you'll find a truly unique house. Originally built in the 19th century as a bunkhouse for miners at Sally Silver Mine near Beaverdel. In 1964 Mr. Tokios relocated it to where it stands today on Golden Mile Drive. Log by log through the tricky Anarchist Mountain switchback roads, and with nothing more than a Volkswagen truck and a trailer. This pioneer created a unique setting on what would become one of BC's finest grape growing areas. The most striking feature is a one of a kind live desert roof that was sourced from the surrounding hillsides. Today it blends into the surroundings and winery with its constantly changing natural colours.

Our heritage house is the perfect getaway vacation home. Located on the wineries Golden Mile Bench Vineyard, The Tokios house provides for the perfect idyllic private getaway while also boasting everything you need for entertaining the family, friends or colleagues. The perfect base to explore the stunning South Okanagan region.
