

Sportsman Shirt

Ultra Lightweight, Ultra Comfortable

Everyday comfort and style engineered to provide enhanced safety and high visibility for work environments.

The Sportsman Style Ultra Lightweight Shirt Utilizes Advanced Material and Design to Provide Quick Drying, Breathable Comfort and Protection.

Lightweight 75 denier polyester material allows for comfort and flexibility while ripstop fabric resists tears and adds durability.

- ANSI/ISEA 107 Type R Class 3 compliant long sleeve shirt for high visibility.
- Fluorescent yellow-green background material for excellent daytime visibility.
- 2" silver reflective tape reflects light for 360° nighttime conspicuity.
- Partially segmented Sawtooth™ reflective tape allows for additional breathability and reduced heat stress.
- Ultra lightweight, breathable material and design are ideal for warmer climates and workers exposed to heat stress during extended outdoor work hours.
- Set-in sleeve with full cut shoulder design for complete freedom of movement.
- Full-vented cape back with side vents and additional venting on the chest for improved air circulation
- Full-vented cape back for improved air circulation.
- Elastic cuffs with hook & loop take-up straps on sleeves
- Mildew resistant

Ideal Applications: Environments where lightweight, high visibility, and breathability are desired for wearer safety and comfort.
