Hamilton® by MiracleCorp Introduces New 2018 Reflective Pet Series Fashion Collars

(Dayton, OH) – MiracleCorp is proud to introduce a new addition to their Hamilton fashion collars, the Reflective Pet Series. Hamilton® by MiracleCorp has been producing the highest quality premium collars, leashes and other small and large animal products for over 40 years. The collection is made using highly reflective print on our premium quality nylon which is resistant to wear and tear.

While we have many prints that are part of our fashion overlay line, we had a need to make new collars with the reflective feature,” said Jeff Warmouth Director of Sales Management and Outbound Marketing. “The reflective collars now give pets an added safety feature for their adventures.”

The collars come in two designs and a variety of colors and sizes. The original bone print comes in black and hot pink and the classic diagonal stripe comes in red and navy. Available in two fully adjustable collars (small 12- 18” and large 18-26”) as well as six-foot leashes in two widths: 5/8” and 1”. The Hamilton Reflective Pet Series ensures that dogs are kept safe during lowlight conditions without sacrificing style.
