Find a ring that currently fits the finger for which you are shopping. Match your ring with the circles below and select the size which matches the circumference of the circle perfectly. If the ring falls between two sizes, we recommend choosing the larger size.

If you do not have a ring that fits the finger you are shopping for please use this ruler to determine the appropriate size. After cutting out the ruler below, carefully cut the highlighted line to create a slit. Wrap the ruler around the base of your finger and pull the narrow end through the slit. To ensure a comfortable fit we recommend also measuring your knuckle.
