ABOUT THE BUILDER MAP

Builders will be added to the map after they have installed their first Flatline Van Co product. This is updated on a monthly basis.

Builders can become an Authorized Installer once they have reached an all-time total of at least \$10,000 in orders, with a variety of products we manufacture. A variety of products means you have installed at least 5 different products made by Flatline Van Co, including at least 3 different exterior products, and 2 different interior products with a retail price of \$295 or more (mattresses, awnings, and accessories such as cross-bars, etc do not count - you are welcome to check on this status at any time).

Your information on the builder map can be changed at anytime by emailing us at builders@flatlinevanco.com
