▲ WINNER: BEST FOOT FORWARD

GEORX TOWN SHOES, 95 BLOOR ST. W., \$150

"These are fun; they're shiny; they're colourful, happy shoes! Ultra-comfortable, and patent leather is always lovely to wear this time of year, especially if you worry about getting your shoes wet! A forward take on a classic penny loafer."

▲ Let's get digital

ALDO, HILLCREST MALL, \$70

"We saw these types of digital prints last year, and they're just as strong this season. This is a smoking slipper, which has a loungy effect, but you could even wear it in the evening with a silk pant or cocktail short."

▲ Haute hybrid

ROCK & CANDY, THE SHOE COMPANY, 2355 YONGE ST., \$47.99

"Florals are really popular this season. They really speak of the warm weather. I like these because they're sort of a cross between a ballet flat and a sneaker. Really feminine and fun and great for kicking around cottage country or running down the city streets!"

▲ The white stuff

RON WHITE, YORKDALE SHOPPING CENTRE, \$275

"I love these driving shoes. The silver detailing is so chic. Metallics are very hot this season. The leather is sumptuous. There's a rich feel to these shoes — perfect for strolling down the boardwalk in Saint-Tropez!"

▲ Cat's meow

CHARLOTTE OLYMPIA, DAVIDS FOOTWEAR, BAYVIEW VILLAGE, \$695

"There is always a great sense of whimsy in Charlotte Olympia footwear, and this pair is no exception. The embroidered cat face on the toe is just so sweet. They're a classic slipper style with a fabulous detail."

▲ Cheap & cheerful

JOE FRESH, 396 ST. CLAIR AVE. W., \$19

"These ballet flats have a nice open cut, so you will get some toe cleavage, which always makes shoes sexier. The Missoni-inspired print looks incredibly chic and fashionable."

▲ European flair

SEYCHELLES, LITTLE BURGUNDY, SHOPS AT DON MILLS, \$80

"These have a real European vibe to them. The coral leather screams 'style.' They have a beautiful quality to them, a nice amount of craftsmanship has gone into these shoes."

▲ Gender bender

MIISTA, CAPEZIO, PROMENADE SHOPPING CENTRE, \$189

"These printed satin shoes are a wonderful mix between feminine and masculine. If you love that menswear style but still want to show that you're all woman, this is a great oxford for you. Fun with white jeans or shorts."
