WALK SMART

A good walking shoe is a necessity when you are out and about discovering a new city. **Mephisto** shoes, handmade in France, are considered by many to be the ultimate walking shoe and possess luxe styling that stands out from the foot-friendly crowd. The sharp looking bronze Mary Jane (\$300; pictured) is new this fall and available at **Ron White Mephisto** (Sherway Gardens, 416-621-1411). —*Flannery Dean*
