## CONCEALMENT

The **575 GLS™ Pro-Fit™** is an **inside-the-waistband model**. It fits the most popular compact and sub-compact pistols and provides a fully adjustable cant. It also offers the unique Grip Lock System (GLS™), which secures the weapon once holstered; retention is deactivated with the middle finger upon a standard shooting grip on the weapon. It's low-cut and compact design makes concealment easy while also allowing for a quick draw.
