The following concealment holsters are also compatible for pistols with an optic attached however they do not offer the same protection for the lens like their RDS series. Model 17, 17T, 18, 547, 557, 578 series, and 5198 series among other.  
 Although Safariland has attempted to provide accurate information regarding which specific holster models were designed to accommodate specifically identified handguns, human error such as typographical mistakes can and do occur. Therefore, Safariland disclaims any responsibility or liability for, or the consequences resulting from, such errors and urges user of this information to personally check for holster/handgun compatibility using the actual product.
