PATROL BAG

Designed to withstand crush force of up to 200 lbs, the Patrol Bag stands out as a preparedness-oriented storage solution, seamlessly fitting into your trunk, cab, or passenger seat. This Patrol Bag features a generously sized main compartment, two zipper pockets inside the top flap, a front organizational pocket, and two side pockets – all secured by pull zippers. The Patrol Bag provides two carry options: a top carry handle with a padded handle wrap and two D-rings to attach a removable shoulder strap for crossbody carry, ensuring easy and secure transportation of your items.
