

# ARMOR

## TACTICAL ARMOR SYSTEM

Introducing the final addition to complete the HyperX Family – the Safariland HyperX Full Coverage (FC). Offering the same great purpose-built and adaptable features of the original HyperX HYBRID, the new Full Coverage offers additional soft ballistic protection throughout the upper shoulder and girth. By listening to the needs of Law Enforcement Professionals across the country, HyperX was built from the ground up for those who desire the very best in ballistic protection, comfort, and functionality. Purpose Built. Adaptable – Not Complicated.

## HYPERX<sup>®</sup> FC Full Coverage MODEL
