

08123 Honda CRF1000L Africa Twin Ductail Fitting Instructions

Kit Includes:

X1 Alcohol Wipe CWIP001
X2 Plastic Nuts & Bolts (Pairs) CNUTM50004 & CBOLM50015

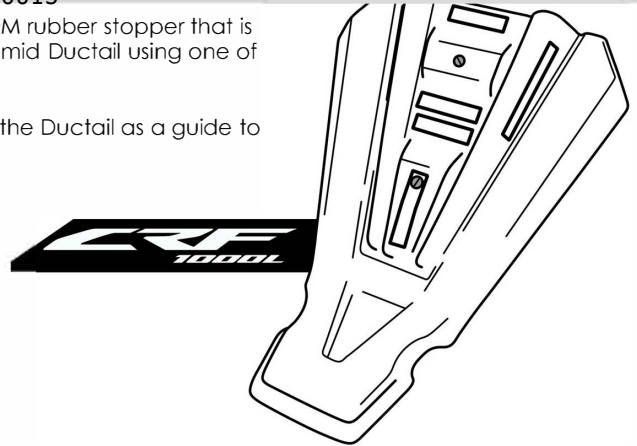

- The top screw fixing utilises an existing hole and replaces the OEM rubber stopper that is already pre-fitted. Remove the OEM rubber stopper and fit Pyramid Ductail using one of the plastic fixings supplied.
- Having attached the top fixing, use the other pre-drilled hole in the Ductail as a guide to drill a 5mm hole in the OEM Honda tail piece.

Please note: any tape is used for support whilst fitting.
