

PYRAMID

085103 Honda CB500X Spray Guard Fitting Instructions

Kit Includes:

1X Fibreglass Guard	C085103	Pre-assembled
1X Aluminium Bracket	CFK085103	Pre-assembled

Note: You are advised NEVER to attach additional items ANYWHERE on this guard – such as mounting plates, indicators, lights, licence plates, crash protectors, etc as this will invalidate the warranty.

- The assembled Pyramid Spray Guard is ready to install without the need for adjustment.
- Simply remove the nut and washer from the right hand side of the bike and position the Pyramid Spray Guard, refit the nut and washer loosely.
- Chain adjustment should allow 15-20mm of slack at the centre of the bottom chain run.
- The two screw adjusters left and right, should have equal lengths of exposed threads.
See red circle in picture below.
- Finally torque the wheel nut to the correct value of **88Nm**.
