

ZXR 400 SSC Fitting Instructions

Place cowl and seat upside down

Place front of seat under front clips of cowl

Slide seat forward until rear of seat is **in front** of rear cowl clip, note; cowl can be **flexed** to aid fitting.

Push rear of seat down and slide **backwards** into rear clip. Push **all clips down** to creat a snug fit.

Fit seat back onto bike as usual.
To remove cowl, reverse the procedure.
