

36875 Brake Caliper Guards Fitting Instructions

Kit Includes:

2X C36875 Pair of Brake Caliper Guards

- The Pyramid caliper guards are easy to fit. Simply remove one of the OEM caliper bolts and fit the caliper guard loosely using the same bolt. Then remove the other OEM bolt and do the same.
- Repeat the above on the other brake caliper.
- Fully tighten all fixings.
- Check fixing periodically.
