

523003A Kawasaki Z900 Radiator Guard Fitting Instructions

Kit Includes:

2X M6 X 12mm Flanged Bolt	CBOLM60007
2X M6 Flanged Nut	CNUTM60006
2X Black Flat Plastics Washer	CWASM60003

- It is important to remove the horn from its mounting on the underside of the bottom yoke prior to installation. The two upper mounts re-use the original bolts into the motorcycle frame. The two lower mounts use the fasteners provided.

Note: The plastic washer is intended to act as a spacer between the bikes radiator bracket and the face of the radiator guard.
