

PYRAMID VALLEY

NEW ZEALAND

2020 KORIMAKO PINOT NOIR, NORTH CANTERBURY

Season summary

Spring and early summer were warm and dry resulting in good flowering and crops. From Christmas through to harvest, we experienced very warm, dry and settled weather resulting in beautifully ripe, clean fruit at harvest.

Tasting note

Vibrant crimson hue. Brooding complex aromas of lifted florals, red berries and a gamey, earthy complexity. Vibrant palette of fresh berries with an earthy, mouth-filling structure that coats the mouth. Sinewy tannins drive the wine with a long saline minerally finish..

Viticulture

Biogro certified vineyard planted on an east facing slope on Mackenzies Road in Waipara. Clone 5 Pinot Noir from the Course-Choi vineyard (previously Porters/Bellbird), planted in 2004 Domett Clay soils.. Harvested: 18 March 2020.

Winemaking

Hand picked and hand sorted in the winery. 33% whole bunch, uninoculated ferment in wooden cives for 3 weeks. Pressed and settled prior to aging in french oak barrels, 33% new for 18 months. Bottled unfined and unfiltered in September 2021..

Chemical Analysis

Alcohol: 12.5% pH: 3.68
TA: 5.5g/L Total SO₂: 57ppm
Other additives: none
Suitable for Vegetarian/Vegan: yes
