

Get curious with colour!

From the ice cliffs of the north to the green mountains of New Zealand we are following the call of the wild and heading bush for one curious coddiwomple! Kick off your shoes, dive right in, strap on those hiking boots and throw on that hat as we venture into the wild across four different habitats to share the stories of the creatures who live here in their curious way.

Let your Coddiwompler find their song within their wild heart:

Sing the song of kindness
Round the bush of berries.
Sing the song of rainbows
It's a Ru-pert kind of merry.
Stomp your feet like they're hooves
Howl a song and join the wolves.
Play your flute and pour some tea
Follow the tune and pack blueberries!
Laugh so loud the crocs swarm in
Wear your kindness like a King.
Live each day as a child
Sing out loud your 'Call of the Wild'.

Coddi & Womple captures the fleeting magic of childhood. Bringing to life - curious playwear for Coddiwomplers. Welcome, we are so happy you are here.

Love, dirt and rainbows
Kerri-Ann
Coddi & Womple

How many colours can you give
Marigold's wings?

Draw a teapot with rainbow tea

Think about a teapot:

- Round
- Has a handle
- Has a spout to pour

Think about a rainbow:

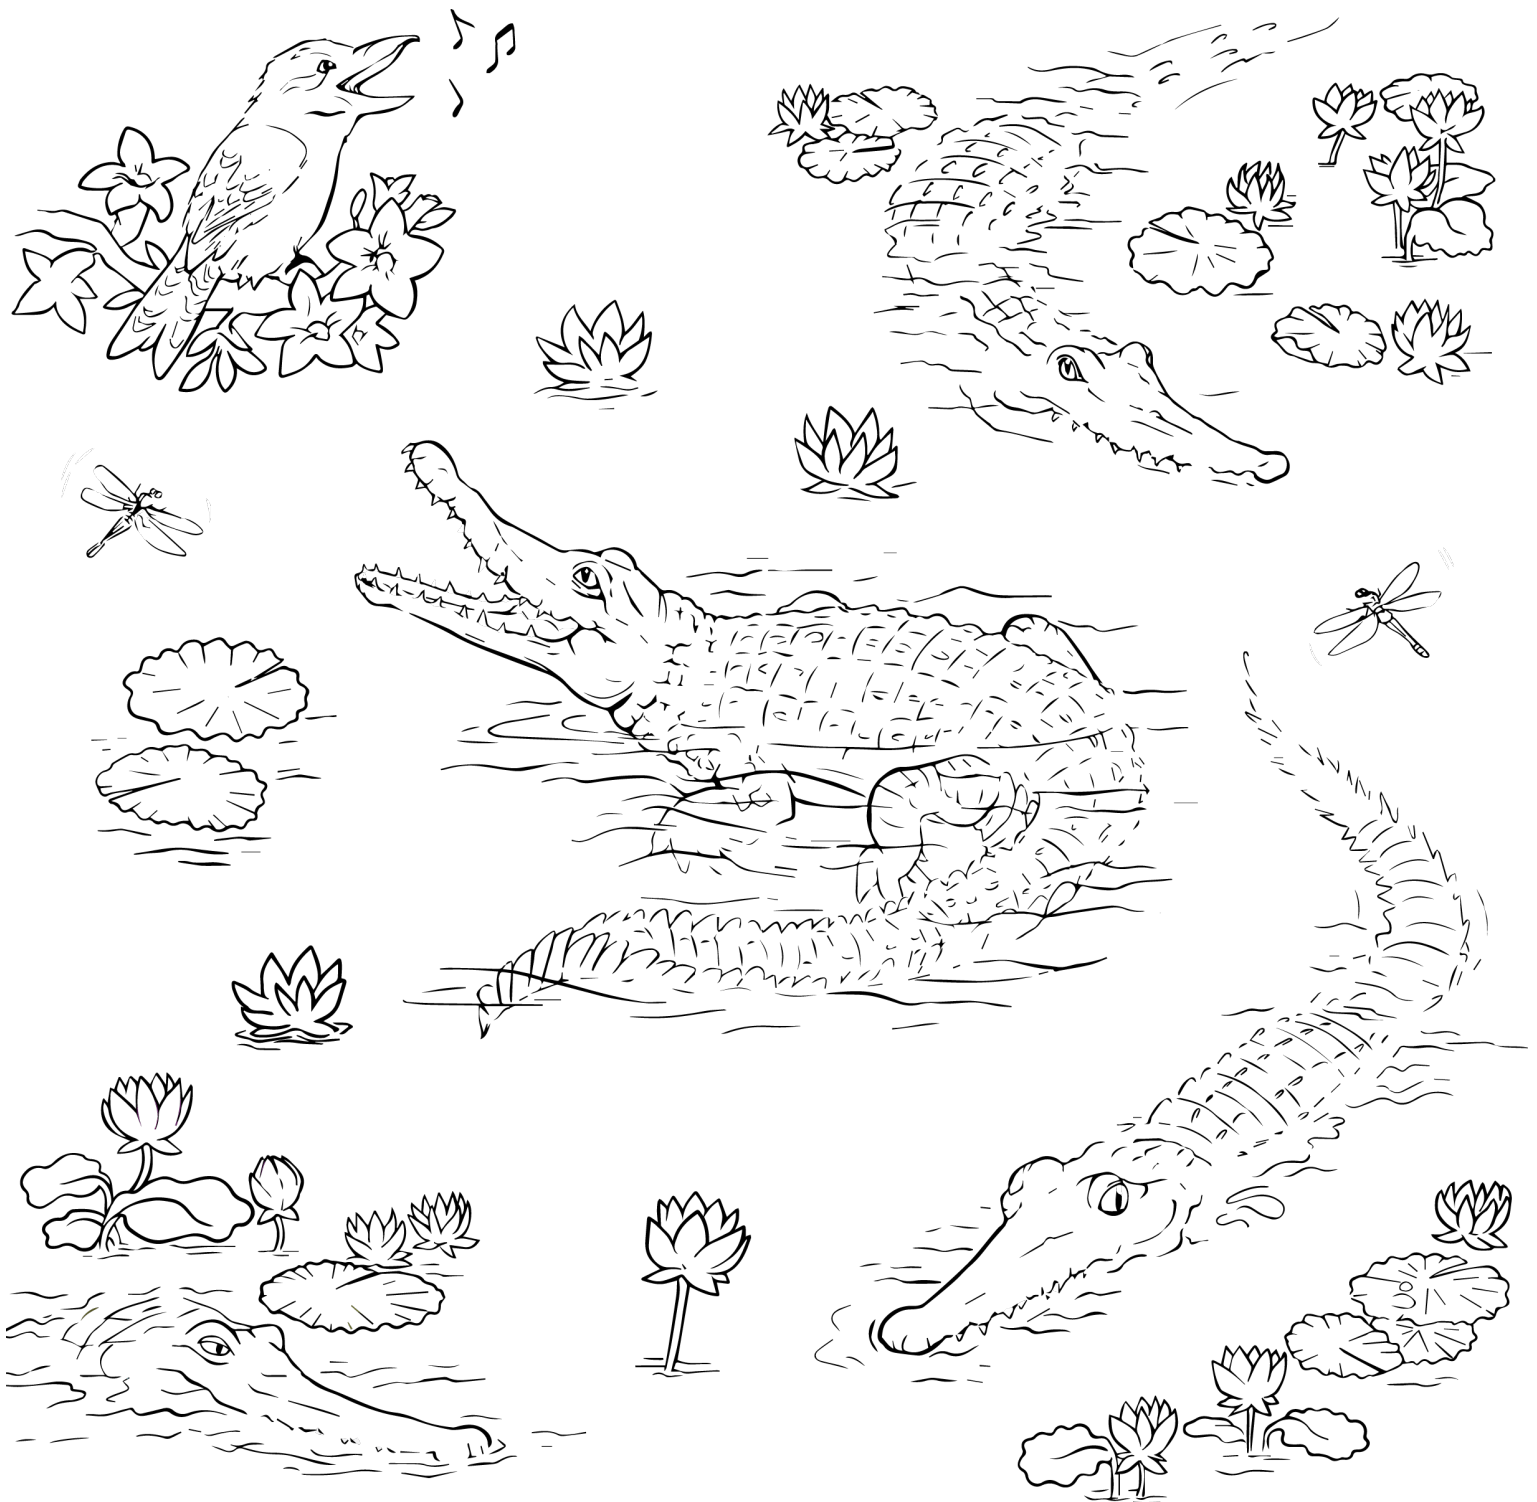

- It curves
- How many colour lines to colour?

Draw Pip the mouse

Think about a mouse:

- Round body
- Little head
- Long tail
- Big ears
- Little hands and feet

Colour the billabong

Draw a crocodile

Think about a crocodile's:

- Long body
- Long tail
- Spikey skin
- Pointy nose
- Sharp teeth
- Arms and feet

Colour Luna and her song

Draw music in the moon

Think about a moon

- Big and round
- Has bumps and craters.

Think about music

- A music note is written like this:

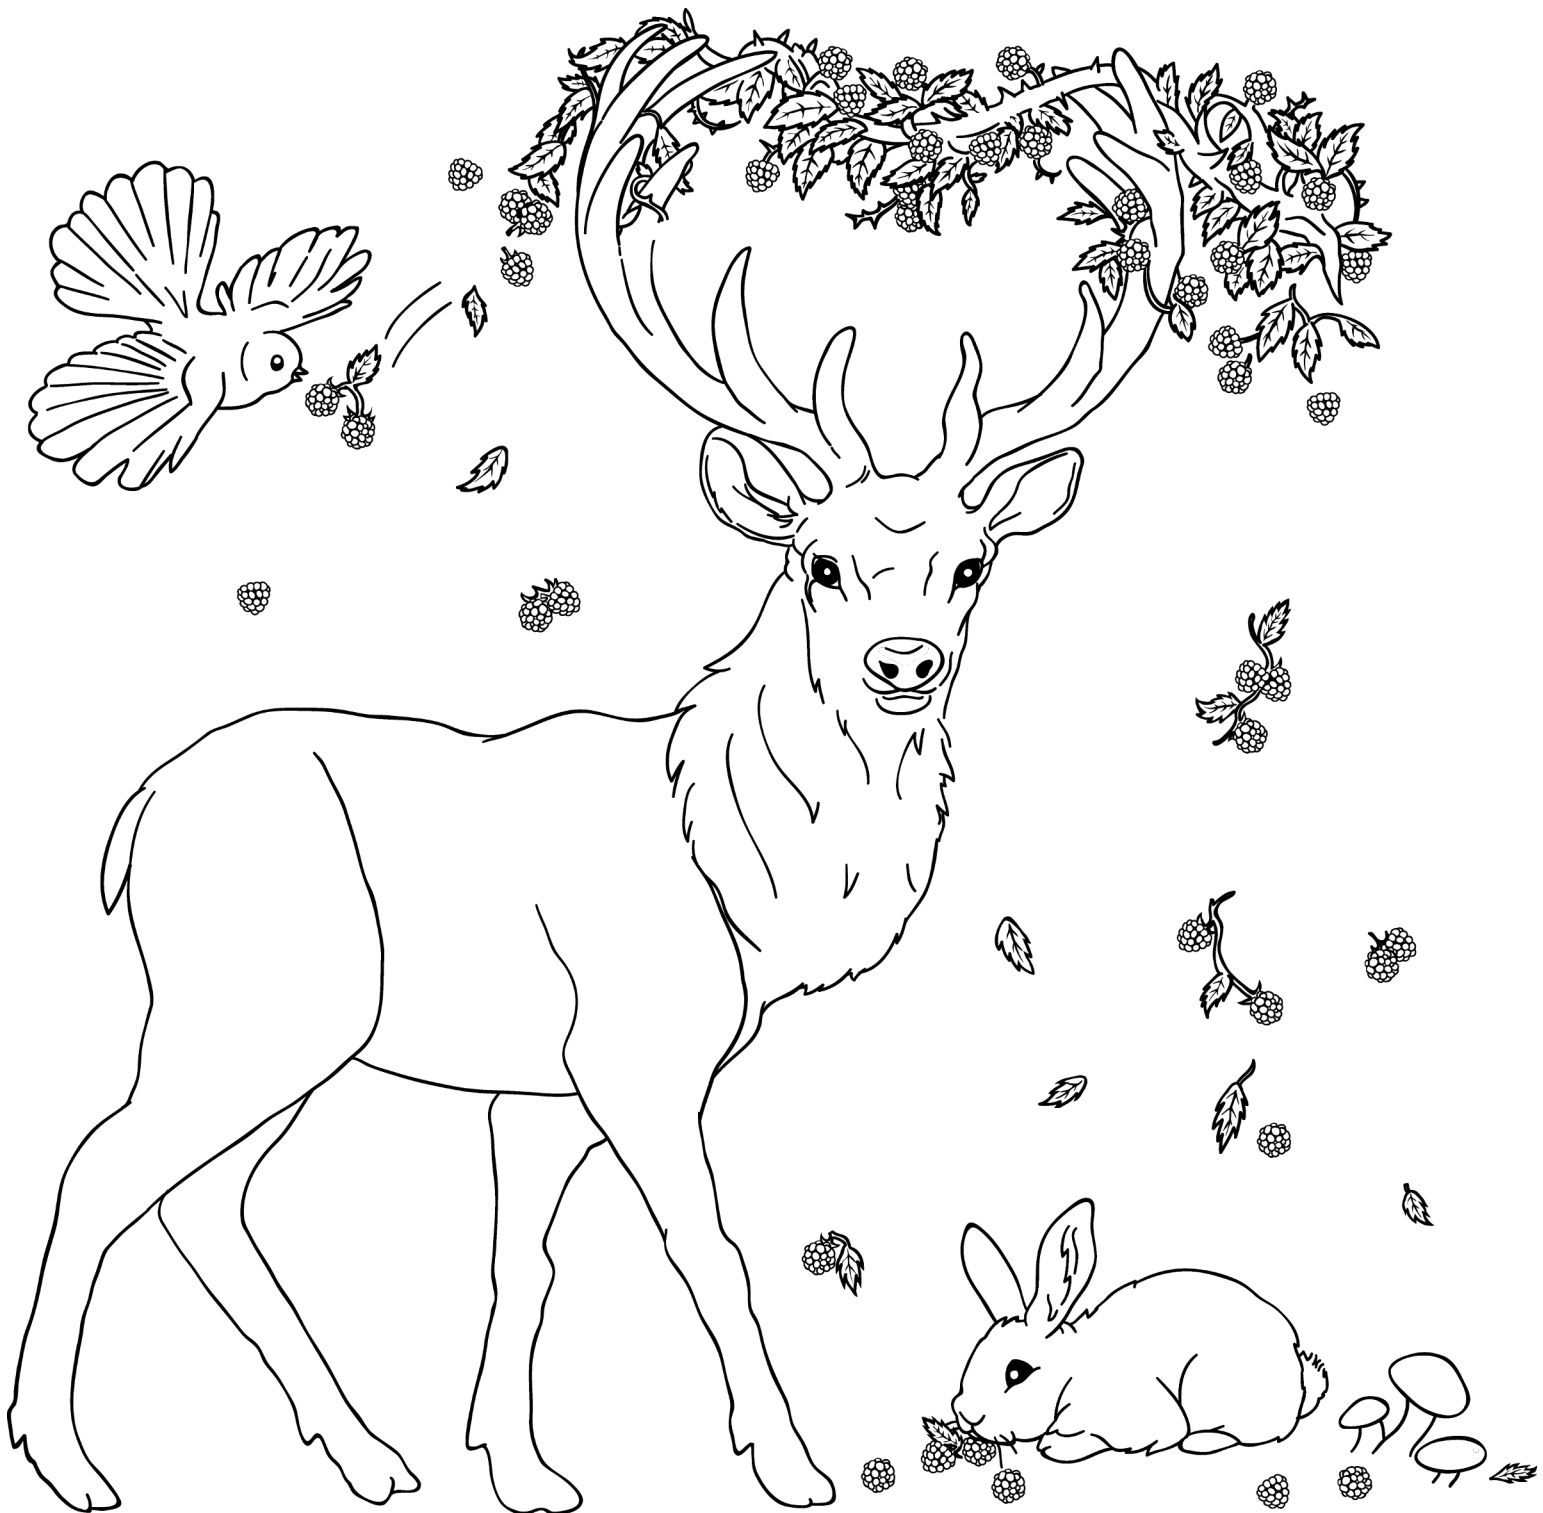

Draw a wolf

Think about a wolf's:

- Body shape
- Bushy tail
- Ears
- 4 Legs
- Paws

How many different colours can
you colour the berries?

Draw some berries

Think about a berry bush:

- Many leaves
- Vines
- Lots of berries

Colour
the
hatchlings
