## 2022 Marlborough Sauvignon Blanc

### AROMA

Aromas of tropical passionfruit and grapefruit combined with white stonefruit

### PALATE

A lively and refreshing palate of passionfruit, tropical nectarine, and citrus. This wine has an elegant minerality to finish and is clean and bright to taste.

### AGEING POTENTIAL

Perfect for drinking now and will retain freshness for the next 3 years.

### WINEMAKING

The grapes were transported quickly to the winery and pressed off their skins immediately to minimise skin contact. The juice was then cool fermented in stainless

steel to retain freshness and varietal character. The finished wine was carbonated to enliven the flavours and add an attractive sparkle.
