Parts List

Take all parts and put them on a clean and flat surface ground, and make sure all the parts and quantity is correct with the user's manual.

Assembly Instructions

Step 1

Take the 4 poles and join them with the arcs in sequences as shown in the photos. The sequence of installation for poles and arcs should be 1>3>2>4>1>3>6>4. (the screw used is #17)

Step 2

Take 1 pc of #26(roof holder) & screw #17, and tighten them by hand on the top of a pole, and do the same for the other 3 poles.

Assembly Instructions

Step 3

Use the roof rod #5 (x4pcs) and roof top #12, and join them .

Step 4

Attach #11 to the feet of the poles by using #14 screw & #18 nut. 1(41)&(42)

Step 5

Connect the grill racks(#8) to poles, by using iron bar #10, The screws used on rod #10 are #17, and the screw #13 is used for secure the racks (#8) to the poles.

Please pay attention that #8 should be connected between the pole #1, while #9 Grill shelf should be connected in the opposite direction between poles #2.

And the hooks #7 should be connected to the bottom of #9 with screw#16.

Step 6

Join the roof to the 4 corners of the arc frames using screw #15 & nuts #18.

! Make sure that the screws connects the roof holders and the poles are tightened and secured in position before you attach the roof rods.

Step 7

And after the main frames are all installed, Please put on the covers, #23 & #24, starting from the smaller cover on the top.

Step 8

And use the plastic caps #19 & #20 for screws and nuts to cover all the fixings.

And if the grill gazebo is to be placed on soil ground, pegs #21 can be adopted to secure the four corners on the ground.
