ASSEMBLY STEPS

Step 1: Match the one(1) holes of parts O and J. Match the one(1) holes of part J and the other include O part. Insert the screws and twist by L. Do not fully tighten all screws until assembly is complete.

Step 2: Match the two(2) holes of parts P and J. Match the four(4) holes of parts O and P, then insert the screws and twist by L. Tighten all the screws. Ensure the table is stable, then place the glass on top.

CARE AND MAINTENANCE

- This set has been tested for a maximum load of 300 lbs static weight only.
- Please ensure that all components are fitted correctly before use of the product.
- Under no circumstances should you abruptly sit or jump on the product.
- Do not stand or kneel on the product.
- Please check the assembly works before you sit on the product.
- Make sure all the screws and bolts are tightened properly.
- Periodically check all fixings to ensure they remain secure.
- Prolonged exposure to the elements will inevitably lead to weathering – store away indoors throughout winter to preserve appearance.
- Do not leave the furniture out in excessively windy conditions as the furniture is light and may blow away.
- Clean using a mild detergent – do not use abrasive cleaners.

Important: Do not fully tighten all screws until assembly is complete.
