Assembly & Operating instructions

Please Note
Carefully and thoroughly read the instructions before and during assembly to ensure proper installation of the unit. We strongly recommend you to keep this manual for regular review and future reference.

Caution
1. Do not use the umbrella or umbrella base on a soft, muddy or sandy surface.
2. Umbrella base requires 200lbs of wet sand in order to work properly. (Sands not included)

Fig. 3

2. Assemble the umbrella pole in stand.

Fig. 4

Fig. 5

Fig. 6

NOTE:
Untie the fabric belt. Extend the two shorter ribs outside as shown in Fig 4. Open umbrella by using crank.

3. Press down and then MOVE UP.

4. Open the umbrella by using the crank.
5. Adjust the position of the umbrella canopy by moving the handle up and down and locking into desired hole.

6. You can turn the umbrella to your desired position after pulling out the pin and then inserting again to maintain the desired position.

7. Turn on/off by switch.

**WARNING:** Umbrella may not withstand high winds. To avoid injury or damage, do not use in high wind conditions. Always retract umbrella when not in use. Umbrella base must be filled to capacity in order to work properly.

**Storage:**
1. Before storing your umbrella, make sure it is completely dry and clean.
2. Keep the umbrella in a dry and well-ventilated place to protect against mildew.
3. So that you can enjoy using your umbrella for a long time, only use very mild cleaning products on it.
   
   Then allow it to dry thoroughly. Mildew spots can be removed with a mild cleaning product. Never use cleaning products that contain solvents, as these will bleach and damage the material.

   **Tip:** To avoid damage, never use alkaline or acidic cleaning products or steam cleaners to clean the umbrella. To prevent material damage, remove any collected water from the canopy by either draining off the water or by dismantling the umbrella. Please remember that your canopy is NOT 100% waterproof and that water can seep through the seams and/or the material. Your umbrella protects you from the sun and is not a rain shelter.
4. Clean with damp cloth.
