### Instruction for use

#### APPLICATION TABLES ON TOP OF BATHROOM OR KITCHEN, BAR COUNTERS:

Spray the product on the substrate to be polished at a distance of about 15-20 cm, evenly distribute the foam on the material, leave to penetrate for about 3-5 minutes and proceed to polish using a woolen or cotton cloth.

### Suggestion for use and recommendations:

- Do not overuse as a product excess could cause a more difficult polishing and possibly leave streaks or shades.
- Read carefully recommendations printed on label and perform a preliminary test on a small area before actual use.

### Application surfaces

Marble, granite, polished stones, ceramics, wood, plastic.

### Application tools

Cloth
