

VIRTUAL TEA TASTINGS

Our virtual tea times provide a relaxing and comfortable atmosphere, a time to pause and be in the present. Tea kits will be shipped to each participant worldwide in advance. While steeping teas we discuss brewing techniques, health benefits, tips on storing, blending, mindfulness, and everything else surrounding the world of tea. After leading 1000+ events since 2020 we have this down to a science. Join us for an unforgettable experience.

INTERACTIVE OPTIONS

(optional)

We can keep it formal where we do most of the talking, or make it more interactive. Up to you!

BLIND TASTING

Instead of guiding everyone through each tea, we'll first let each participant write down their thoughts on flavor, ingredients, aroma, and tea type. Then we'll reveal it!

TEA TRIVIA & TEAM BUILDING

We'll ask tea trivia questions and/or team building questions to get discussions going. This can be for points for more competitive groups, or just for fun.

TEA & CHOCOLATE PAIRING

Everyone loves chocolate! We'll include six unique chocolates, two paired with each tea. Delicious truffles provided by MELT Chocolatier, our local partner for tea-related chocolates. Shipped with ice in the summer. Add on to any base package listed above.

+\$14 | 6 TRUFFLES

+\$22 | 12 TRUFFLES
