Assembly Components

- Flexi Clip
- EQ_Fibre Screws 20 - 35mm
- Wall Plug

1

Position and orient Flexi Clips between 80mm and 250mm from panel edges.
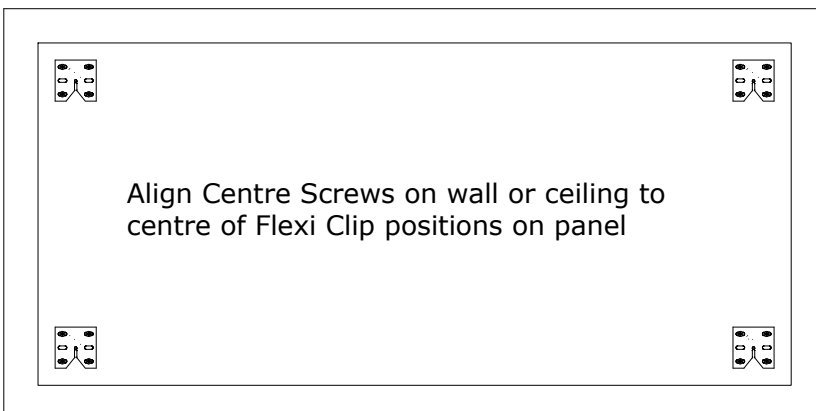

We recomend 4 No. Flexi Clips per panel

**2**

Secure Flexi Clips to panel using EQ_Fibre Screws.

Only use the EQ_Fibre Screws for attaching the Flexi Clips - *Other screws are NOT supported*

3

Align Centre Screws on wall or ceiling to centre of Flexi Clip positions on panel

4

Slide the panel onto the Centre Screw until all Flexi Clips lock
